SLAV LEADERS SEEK MEANS TO UNITE FACTIONS

Provisional Government in
Conference With Sol-
diers' Council

GERMAN RESISTANCE IN
FRANCE IS INCREASING

British Retain Grip On Bul-
lecourt—German Attacks
Are Falling Down

(Associated Press Telegram)
New York, May 15.—Although beset with innumerable difficulties, the provisional government of Russia is determined to stick to its task.

The government will make an effort to amalgamate the diverse interests which by their conflict have made an ordered and efficient government in Russia impossible. It announces in a proclamation today. It expresses confidence that unity will be re-established, and the country saved if the various representatives of the new democracy take their proper part in the responsible task of government.

The council of soldiers' and workers' delegates, comprising mainly the Socialist and extreme Radical elements, apparently is becoming increasingly willing to consider participation in the formation of a coalition cabinet. It has appointed a commission to negotiate with the provisional government and is formulating a program of conditions which would permit Socialist entry upon representation in the ministry.

This follows the council's urging upon the army at the front the necessity of ceasing to fraternize with the Germans and an appeal to it to resume the offensive against them and thus best serve the cause of general peace.

Meanwhile the front in northern France is witnessing an increasingly determined resistance by the Germans to any further advances by the British and French who, in their offensive, have pushed to points of extreme danger for the German lines.

Evidently with heavy reinforcements at their command, the German armies in both the Arras and Aisne fields of operation are launching heavy assaults at the points especially menaced. Thus the British are being attacked around Bullecourt and the French along the Chemin des Dames plateau.

At both places the German attacks, as reported today in the London and Paris official statements, were repulsed by the entente forces. The British held their grip on the Hindenburg line in the Bullecourt region, the German thrust completely failing. In Bullecourt itself, General Haig's troops retained their position.

GERMANS OPERATE 325 U-BOATS; LOSE 100 IN SEA NETS

(Associated Press Telegram)
Amsterdam, via London, May 15.—The Germans have about 325 submarines in operation and about 80 to 100 have been lost through British nets alone, according to the Telegram which prints an interview with a member of the crew of the submarine U-58. This is the submarine which sank the Dutch ships in February.

When at sea the submarines assemble at a given point every morning and receive wireless instructions presumably from Heligoland. There are about 39 U-boats of the newest type, each carrying a crew of 56 men and this fleet is supplemented by a secondary squadron marked with a C.

The first class boats have a speed calculated as sufficient to overtake any cargo boat. Two thirds of their crews are experienced and one third novices. The boats carry a fortnight's stores and have a maximum period of submergence of from eight to ten hours. Each is equipped with two periscopes and sometimes descend to from 30 to 50 meters.

750 MILLIONS FOR GOVERNMENT SHIPS TAKES OVER YARDS

(Associated Press Telegram)
Washington, May 15.—Appropriation of \$750,000,000 of which nearly \$400,000,000 is to be immediately available for federal purchase and construction of a fleet of merchant vessels, was agreed to today by the Senate appropriations committee.

Legislation authorizing the government to take over necessary ship building facilities also was approved.

THUG ATTACKS WOMAN.

(Associated Press Telegram)
Cleveland, Ohio, May 15.—A woman identified as Mrs. Rose Rugent, 47, is being treated for injuries which police believe she received from thugs. She was found unconscious on West 55th street early today by police after an anonymous telephone call. Her skull was fractured.

GEN. PETAIN NEW COMMANDER-IN-CHIEF
OF FRENCH ARMIES, SUCCEEDING NIVELLE

General Petain.

(Associated Press Telegram)
Paris, May 15.—General Petain was appointed as commander-in-chief of the French armies operating on the French front at a cabinet meeting today.

General Nivelle was placed in command of a group of armies. General Foch, who played an important role in the battles of the Marne and the Yser succeeds General Petain as chief of staff of the ministry of war.

NEWARK ROTARY CLUB WILL GIVE ENTIRE PROCEEDS OF EXPOSITION MAY 28-JUNE 2 TO WAR RELIEF

The Newark Rotary club announced today that all of the proceeds of the Merchants and Manufacturers exposition to be given at the Newark Tabernacle May 28 to June 2 inclusive will go to the War Relief Fund.

The proposition to use the entire fund for such purpose was unanimously endorsed by the members of the club.

Every booth in the big tabernacle has been engaged and some wonderful exhibits are to be presented by local merchants and manufacturers and at the same time an interesting program with a complete change every day will be given.

The members of the entertainment committee are: Charles E. Hollander, chairman; Clay Van Voorhis, stage director; Al J. Gleichauf, stage carpenter; Frank Espy and A. P. Hess, in charge of parades; Wilson Hawkins, high school program; Karl A. Reinhold, secretary.

The Buckeye band has been engaged for the entire week and contracts have been signed with the Denison and Shepardson Glee clubs, the High School minstrels, Frank Ewalt, soloist; Ned Putnam, dancing, and numerous other stunts.

Monday night, May 28—Newark night.

GOVERNOR'S ORDER KILLS ATHLETICS AT UNIVERSITY

Columbus, O., May 15.—The action late yesterday of Governor Cox and heads of state schools receiving state aid in deciding to force the dismissal of all students, except those in the engineering and medical classes, so that they may be used in agricultural and military service will result in the early discontinuance of athletics at Ohio State university.

Just at present Ohio State is tied with Indiana for first place in Western Conference baseball, and the game with Indiana is set for next Friday. An effort will be made to hold members of the baseball team in school until after the game, but Coach St. John may be compelled to cancel the games as a result of the governor's action.

AUSTRIAN JOURNALISTS CALL PEACE CONFERENCE

Amsterdam, via London, May 15.—A Budapest dispatch says that the Hungarian Society of journalists has decided to ask the International Union of Journalists to call a congress of members to discuss the question of a speedy peace. Journalists in all neutral and belligerent countries will be asked to attend and it is planned to hold the congress in some neutral capital.

PRESIDENT MUST DECIDE FATE OF COLONEL'S PLAN

Conference Committee Ac-
cepts House Provision For
Volunteer Force

NO CHANGE MADE IN
AGES FOR CONSCRIPTION

Expect Both Houses Finally
to Adopt Bill Before End
of Week

(Associated Press Telegram)
Washington, May 15.—Senate and House conferees on the army bill today agreed to report the measure with provision authorizing the president to raise the volunteer division Colonel Roosevelt desires to lead to France. No other changes in the bill were made by the conferees.

The conferees accepted without change the House provision for the Roosevelt volunteers. As the Senate by a large vote previously approved the volunteer force, its final adoption by both houses of Congress is regarded certain. The full force of the administration is against it.

Whether Colonel Roosevelt and a volunteer force go abroad, however, remains for the president to decide as the provision makes it optional and not mandatory. Conferees decided not to open other questions. The conscription age remains from 21 to 30 inclusive. Before the week ends the conferees hope to have the bill finally adopted by both houses and sent to the president.

GRAIN PRICES DROP AS A RESULT OF BOARD'S ORDER

(Associated Press Telegram)
Chicago, May 15.—The curtailment of speculation ordered by the board of trade yesterday resulted in further price concessions in early grain trades today. July wheat sold off 11 cents to \$2.48 and September eight cents to \$2.20. Corn dropped from 2 1/2 to 2 1/2 cents and oats from 1 to 1 1/2 cents. The meeting here of delegations from leading grain exchanges was scheduled for 3 p. m. today.

What was said to be an informal meeting of representatives of the various grain boards was held this forenoon. Those present included David Anderson and Frank I. King, Toledo; two representatives each from Kansas City and Duluth; five from St. Louis; three from Minneapolis and President Griffin and directors of the Chicago board of trade.

There was no business in the wheat pit meanwhile, save that memberships were being hawked about. These sold at the height of the activity of the market last winter as high as \$7,000. One man who had three for sale today for friends, said that he had offered them at \$4,000 without takers.

SPRING WEATHER REALLY HERE SAYS WEATHER BUREAU

(Associated Press Telegram)
Columbus, Ohio, May 15.—The cold, disagreeable weather of the past few weeks is at an end and spring is really here at last, according to a special bulletin issued today by the weather bureau. The bulletin states:

"The presence of a summer type of pressure distribution indicates an end to the prolonged cool period east of the Rocky Mountains and warmer weather may be expected without probability of a return to unseasonably low temperatures for some time to come."

MAY POSTPONE THE SOCIALIST PARLEY TO BRING PEACE

(Associated Press Telegram)
Copenhagen, May 14, via London, May 15.—According to the Politiken bureau for the proposed neutral peace conference will probably issue a statement that the International Socialist conference at Stockholm scheduled to open tomorrow, is postponed. The paper says that great dissatisfaction prevails among the delegates and that one member reports that the situation has become more complicated in the last 24 hours.

The news that the German Independent Socialists have been refused passports is expected to cause the bureau to refuse to negotiate with the Scheidemann group. Emilie Vandervelde, leader of the Belgian Socialists, declared that the refusal of the German authorities to issue passports except to Scheidemann and his followers, is clear proof of the desire of the German people for peace.

DEATH CLAIMS JOSEPH H. CHOATE,
FORMER AMBASSADOR TO ENGLAND

JOSEPH H. CHOATE.
Former Ambassador to England.

EX-AMBASSADOR JOSEPH H. CHOATE DIES SUDDENLY

(Associated Press Telegram)
New York, May 15.—Joseph Hodges Choate, former ambassador to Great Britain and lawyer of international fame, died suddenly of heart disease at his home in this city late last night. Mr. Choate complained yesterday morning of feeling depressed and his physician was called. Mr. Choate was ordered to remain in bed but later in the day left his room several times to transact pressing business. About 10:30 o'clock last night he called his wife and daughter, Miss Mable Choate, to his bedside. According to Miss Choate he said: "I am feeling very ill; I think this is the end."

A few minutes later he died. Notwithstanding his advanced years Mr. Choate took an active part in the entertainment last week of the French and British war commissions in New York. Saturday evening he entertained with a small dinner at his home for Mr. Balfour, Mr. Choate was a personal friend of the British foreign secretary and they saw much of each other during the stay of the British commission in New York.

Mr. Choate was born in Salem, Mass., Jan. 24, 1832. He was graduated from Harvard in 1852 and two years later from the law school of that institution.

In his long and distinguished career he received honorary degrees in law and letters from many seats of learning, notably his alma mater, Amherst, Oxford, Cambridge, and Edinburgh, Yale and St. Andrews and McGill universities.

He came into public prominence in New York as one of the leading members of the committee of citizens which overthrew Tweed.

He served as president of the New York Constitutional Convention in 1914, was a candidate for United States Senator in 1897 and was elected (Continued on Page 2, Col. 1.)

ENGLISH STRIKE IS BROKEN; MANY RETURN TO WORK

(Associated Press Telegram)
London, May 15.—About 50 per cent of the engineers on strike in Manchester returned to work this morning and it is expected that others will follow them tomorrow.

The return of the Manchester men will have a good effect in other centers, where the workers have been awaiting the decision if the engineers in that city. Many of the men returned to work in the factories in Surrey, where the feeling against the young strikers is so strong that the factories have been denied permission to enter the affected district.

Striking engineers in Liverpool also returned to work today and only a comparatively small number of men remained out.

CONSTRUCTION OF ZEPS MAY BE DISCONTINUED

Geneva, April 30.—It is reported from Romashoren, on Lake Constance, that since the death of Count Zeppelin, who was always supported by the kaiser in his aerial plans, a number of employees in the Zeppelin factory at Friedrichshafen have been dismissed and ordered to join the army. The general opinion at Friedrichshafen is that the German military authorities will construct no more Zeppelins. No further orders for building have been received.

HOLLWEG DECLINES TO GIVE REICHSTAG TERMS FOR PEACE

(Associated Press Telegram)
Berlin (via London), May 15.—Chancellor von Bethmann-Hollweg answered the peace interpellations in the Reichstag today by saying that it would not serve the interests of the country to make a declaration, and therefore he declined to do so.

The chancellor said that in discussing war aims the only guiding line for him was an early and satisfactory conclusion of the war.

"I thoroughly and fully understood the passionate interest of the people in war aims and peace conditions," said the chancellor. "I understood the call for clearness which today is addressed to me from the right and left. But in discussion of war aims the only guiding line for me is an early and satisfactory conclusion of the war. Beyond that I cannot do or say anything."

TRAVELERS MUST REGISTER BY CARD FOR CONSCRIPTION

(Associated Press Telegram)
Washington, May 15.—Traveling men or others who cannot be at home to register for the army conscription on the day to be set by President Wilson's proclamation must apply to the county clerk, or city clerk in municipalities of more than 20,000 on the sixth day after the proclamation is issued, the war department announced today. The clerk will supply a registration card which must be filled out and sent to the registrar of the citizen's home precinct by registration day. Any man too sick to register in person must send a representative to the county or city clerk on the sixth day after the proclamation is issued. The department emphasized that there will be only one registration day.

EXTEND BAN ON WHEAT TRADING

(Associated Press Telegram)
Chicago, May 15.—The directors of the Chicago board of trade today extended until further notice the regulations covering dealing in futures which were put into effect yesterday.

Representatives of the leading grain exchanges of the country at a meeting here today also recommended to their respective exchanges that they continue until further notice the restrictive regulations which were put into effect yesterday.

WELLS TRIAL OPENS

(Associated Press Telegram)
Columbus, May 15.—Scores of women today forced their way into the courtroom to hear testimony in the trial of William H. Wells, the Kansas City broker's clerk charged with having murdered Mona Simon, a girl of the streets, in a leading Columbus hotel last January.

WEDDING DELAYS CABINET.

(Associated Press Telegram)
Washington, May 15.—President Wilson called off the cabinet meeting today so that he and Mrs. Wilson could attend the wedding of Miss Nina McAdoo, daughter of the secretary of the treasury and Ferdinand Mohrenschildt of the Russian embassy staff.

SENATE BREAKS APPROPRIATION RECORD TODAY

More Than Three Billions
Set Aside In Deficiency
Bill

MILLION FOR INTERRED
GERMAN PRISONERS

President Takes Steps to
Speed Up War Legisla-
tion in Congress

(Associated Press Telegram)
Washington, May 15.—All Appropriations records of Congress were broken today when the senate appropriations committee reported the war, army and navy deficiency bill, carrying a total of \$3,390,946,000 including \$400,000,000 for construction and purchase of an American merchant marine.

The committee added \$583,392,000 to the house bill. Among the Senate increases were \$500,000 for the Council of National Defense; \$1,000,000 for detention of interned Germans; \$26,000,000 for army machine guns and \$35,000,000 for heavy army ordnance.

President Wilson took steps to speed up Congress on the program of war legislation essential to carry on the conflict with Germany. He planned to see leaders of both Senate and House tonight and to urge more speed in putting through measures dealing with food control; providing for the building of a merchant fleet; the war tax bill and others.

The president was represented today as thoroughly aroused to the situation confronting the administration. Congress has been in session about six weeks and with the exception of the declaration of war and the \$7,000,000,000 bond bill has put through none of the legislation necessary to a successful prosecution of the war.

Much delay has been occasioned particularly in the Senate by long debate. No program of just what measures should be passed first had been mapped out today but it was believed that food control would be among the first.

Undimmed by the senate's elimination of the Cummins prohibition amendment from the espionage bill, senators advocating dry legislation during the day today planned to renew their fight.

A group including Cummins and Kenyon, of Iowa; Gore of Oklahoma; Curtis, of Kansas; Gronna of North Dakota and others is working on a carefully worded bill for presentation either as a separate measure or as an amendment to the first conservation bill brought up. Loss of revenue is regarded as the most serious obstacle.

Whether the proposed new prohibition measure shall directly prohibit use of foodstuffs in manufacturing liquor or shall merely clothe the president with power to prohibit it, is undetermined. Most of them are said to favor the former plan.

TRAVEL INCREASES AS FARM HANDS GO INTO THE COUNTRY

(Associated Press Telegram)
New York, May 15.—The "back-to-the-farm" movement has so increased passenger traffic to nearby points that the traffic officials of every important railroad entering New York have been unable to discontinue any commuter trains in the rearrangement of their passenger train schedule to facilitate the movement of troops and munitions.

It was expected when the Council of National Defense asked the railroads to reduce the number of passenger trains in favor of freight traffic trains that the commuters would suffer.

The call of the farm also has been answered by more than 600 New York City school boys of the 10,000 enlisted by the military training commission. Most of them are living in camps. From points outside this city the commission has sent more than 1400 boys to farms. The total enlistments to date in the state outside the city are more than 14,000.

TOLEDO STREET CAR JUMPS TRACK; FOUR PEOPLE HURT

(Associated Press Telegram)
Toledo, O., May 15.—Harry S. Commager, city law director, and four others were injured today when a door street car left the tracks. Commager was badly cut and bruised and may have sustained internal injuries. Others injured included H. E. Jordan, detective agency manager; cut; Thomas Allen, E. E. Brown and Lawrence Shoemaker, cut and bruised. More than a score of passengers were shaken and bruised. They became panic-stricken and rushed for the exit when the crash came. The crew was unable to explain the accident. The police believe there was an obstruction on the rail.

EX-AMBASSADOR JOSEPH H. CHOATE DIES SUDDENLY

(Continued From Page 1)

bassador to Great Britain from 1899 to 1901. In 1897 he was ambassador and first delegate to the International Peace Conference at The Hague. He was a member of many prominent clubs and historical societies.

Mr. Choate married on October 16, 1861, the daughter of Frederick Sterling, of Columbus, Ohio. There are three sons and two daughters. The sons are R. Sterling, George and Joseph H. Jr.

Mrs. Choate, who was with her husband when he died collapsed and was carried from his room. Physicians and nurses were called to attend her. Early today a bulletin issued by the physicians stated that her condition was critical.

It was announced that the funeral will be held Thursday morning in St. Bartholomew's church in this city and burial will be at Stokebridge, Mass., the summer home of the Choate family.

BALFOUR DEEPLY GRIEVES.

(Associated Press Telegram)

Washington, May 15.—British Foreign Secretary Balfour was deeply grieved by the death of Joseph H. Choate, his old friend who worked with him many years to bring England and the United States more closely together. Mr. Balfour at once dispatched two telegrams of sympathy to Mrs. Choate, one for himself personally and the other from the British mission officially. It is not as yet decided whether he will go to New York for the funeral but it is not thought likely because of the necessity of devoting every minute of his short remaining time here to government work.

WAS POPULAR IN LONDON.

(Associated Press Telegram)

London, May 15.—News of the death of Joseph H. Choate was received with the deepest regret in England where during his six years as ambassador he became the most popular of diplomats. The evening newspapers publish long obituaries and expressions of Mr. Choate's work as ambassador and more recently in advocating the cause of the allies in America.

SLAV LEADERS SEEK MEANS TO UNITE FACTIONS

(Continued From Page 1)

hold on the village, only some advanced posts in the northwestern portion being forced back a little way.

The drive at the Chemin des Dames positions, where the French are well-established, for a further push forward the fortress of Laon was equally unsuccessful. Paris announced a footing on one advanced trench southwest of Falaun was the only point the Germans were able to gain.

The French armies today are under new command. General Petain who recently was appointed chief of staff of the ministry of war, has been appointed commander-in-chief of the French armies on the French front. He is succeeded in his staff post by General Foch, while General Nivelle, the former chief commander, is placed in command of a group of the French armies.

FORAKER'S WILL WAS BRIEF; WRITTEN IN OWN HANDWRITING

(Associated Press Telegram)

Cincinnati, O., May 15.—The will of former Senator Joseph B. Foraker who died at his home here last week, was filed for probate here today. It bequeaths his entire estate, both real and personal, to his widow, Julia B. Foraker, and asks that she be made executrix without bond. The amount of \$750,000 was named as the probable value of the estate although an inventory was not made. The will was made twenty-five years ago, and was in the former senator's handwriting. It was one of the shortest wills ever filed in court here.

AMERICAN LABOR MEN CONFER WITH BRITISH DELEGATES

(Associated Press Telegram)

Washington, May 15.—The first joint session of the British labor delegates and officials of the American Federation of Labor was held here today in the Federation building.

President Samuel Gompers, Secretary Morrison and other officers of the federation met in conference with Charles W. Bowerman and J. H. Thomas, both prominent British members of parliament and H. W. Garrod, representing the welfare department of the ministry of munitions.

The British delegations were sent to this country in connection with the British official mission, at the suggestion of President Gompers, who asked Premier Lloyd George to do so. A Canadian delegate also has been appointed.

Before the conference began Mr. Gompers and a delegation of labor leaders connected with the labor committee of the Council of National Defense called on President Wilson.

AMERICANS BOARD HOLLAND LINER FOR PERILOUS VOYAGE

(Associated Press Telegram)

Rotterdam, Monday, May 14, via London, May 15.—The Holland America line steamship Noordam is expected to sail for America tomorrow, giving the first opportunity for the return home of many Americans who have been stranded in Holland for months. Although the Noordam probably will not sail before Tuesday noon the embarkation stage tonight was the scene of the greatest activity. A majority of the first and second-class passengers availed themselves of the option of spending Monday night on board.

The number of American citizens on board is about 250. It includes some 50 sailors who have long been stranded here.

Dutch trans-Atlantic shipping has been tied up on account of the submarine war and since February many Americans, some of whom have become destitute, have been stranded in Holland.

PARIS CONCERNED OVER RUSSIAN UNCERTAINTY

Paris, May 15.—The resignations of the Russian minister of war, M. Guchkov, and General Korniloff, the military commander of Petrograd, have caused a painful impression here and increased the feeling that the situation in Russia is getting worse instead of better, and that more rapidly than was suspected. Even the Socialist Humanite, which naturally views all doings by the revolutionary element with an indulgent eye, declares:

All Liberals and Democrats the world over feel only a too comprehensible anxiety at the turn events are taking.

DISCUSS FOOD CONTROL.

(Associated Press Telegram)

Washington, May 15.—Food control legislation and the food situation in the United States and the allied countries will be discussed tonight at a conference between President Wilson, Secretary Houston and members of the Senate and House committees on agriculture. Administration leaders are eager to have congress busy; itself with food control measures as soon as possible.

MORRIS GOES TO JAPAN.

(Associated Press Telegram)

Washington, May 15.—Roland S. Morris, of Philadelphia, has been virtually decided upon by President Wilson for ambassador to Japan to fill the vacancy caused by the death of George W. Gathrie, of Pittsburgh. It was said today that the appointment probably would be made within a few days.

LICKING COUNTY'S SHARE.

Announcement was made today that according to population, Licking county's share of the new Liberty Loan bonds is one million dollars. Conditions and terms of the bond issue are given on the editorial page of this paper today. The Newark banks are taking subscriptions for the Liberty loan bonds.

FURTHER PROTESTS AGAINST POSTAGE BOOST ARE HEARD

(Associated Press Telegram)

Washington, May 15.—The war tax bill provision to greatly increase postal rates on newspapers and magazines again today was under fire in Congress.

In the House, general debate on the bill was nearing its final stages, while before the Senate finance committee newspaper publishers continued their attack on the bill's provision. Samuel Gompers, president of the American Federation of Labor, presented the protest of the labor press.

In a formal statement on behalf of publishers throughout the country the committee was told that the publishers are willing to be taxed to any extent that would not destroy their business. The publishers opened their books to the committee to show that the proposed increases are, even in the case of the strongest newspapers, in excess of the average earnings for the past five years. Coupled with the tremendous advances in the cost of print paper and the extra taxes on telegraph and telephone messages any increase whatever in second class rates would single out the publishing business for burdens out of all proportion to any other industry in the nation, it was said.

C. E. Keisley, representative of the Youths' Companion said that publication paid the government last year \$39,000 for postage but under the new rate it would pay \$164,000 while paper would cost it \$94,300 more.

Louis Wiley, of the New York Times, said it has been shown to the committee that none of the newspapers desire to shirk their responsibility to the government. Postage, tax and paper together, he said, would cost the Times \$1,400,000 more than formerly. The tax, he declared, was an oppression in view of other increased expenses.

Senator Williams suggested that the papers could advance their rates. Newspaper men said that was impossible.

James Kealey, of the Chicago Herald told of the advance in the price of paper which he estimated to him at \$400,000.

Everything that goes into the manufacture of a newspaper has advanced in the last year from 10 to 40 per cent," Mr. Kealey said. "Now on top of these increases the railroads ask ten per cent increase in rates. All we want is to stay in business and help you to raise revenues."

Representatives of the rubber tire industry were heard next. F. A. Seiberling, of Akron, Ohio, said the bill is drafted, was not fair to the rubber interests. He proposed that a five per cent uniform tax on rubber be tested.

H. S. Hotchkiss said there was only 30 days' supply of rubber in the United States and about 29 days' supply in transit. Rubber manufacturers formerly carried three months' supply, he said.

LICKING'S DRAFT COMMISSION HAS NOT BEEN NAMED

Judge T. B. Fulton of the court of common pleas has under consideration the appointment of members of the draft commission, or rather the recommending of names for the commission to Gov. James M. Cox for confirmation by that official.

The plan is recommended by Ohio's governor is to have the common pleas judge name a Democrat and a Republican and the presidents of the medical societies of the district a third member. It had been the intention to keep all appointments a secret until the president's draft proclamation had been issued, but Gov. Cox has changed his plans.

The details of the plan of conscription have not as yet been given out at the statehouse, but the assumption is that those subject to draft, after registration, names placed in a wheel and the required number drawn in the same manner that a jury is selected.

Under the federal plan the conscription would have been in charge of a draft commission composed of a sheriff, clerk of the courts and one other county official.

BRITISH CAPTURE U-BOAT FLOTILLA IS LATEST RUMOR

(Associated Press Telegram)

Portsmouth, N. H., May 15.—In shipping circles today a report was current that the British had captured a flotilla of German submarines bound on a hostile mission to American shores.

The seizure was said to have taken place early in April but the place of the capture or means by which it was effected, were not revealed. The report was said to have come from an officer of a trans-Atlantic ship who was said to have heard of it from sources in touch with the British admiralty.

WOMEN'S PART IN WAR.

(Associated Press Telegram)

Washington, May 15.—The part women are to play in support of the United States in the world conflict was the general topic of discussion before the Congress on Woman's Work in War Time which opened a two-day session here today with many delegates in attendance.

FLOUR PRICE DROPS.

(Associated Press Telegram)

Minneapolis, Minn., May 15.—Best grades of flour declined 85 cents a barrel here today, fancy patents being quoted at \$16.25.

Will Your Cigarette Pass These Two Tests?

If it does, it's a good one—stick to it whether it happens to be Fatima or some other cigarette.

But if it doesn't, just try these two tests on Fatima.

Here is another kind of Fatima proof: For over 8 years, Fatimas have

been the largest-selling cigarette costing over 10c. And, except in one or two localities, Fatima's big lead is increasing faster today than ever—in spite of the big sales of cheaper cigarettes, packed to imitate Fatima.

Clip out these two tests and try them on Fatima today.

NO SEPARATE PEACE. SAY MEMBERS OF ITALIAN COMMISSION

Italian commission in U. S., headed by Enrico Arlotto, third from left.

The members of the Italian commission which reached New York late last week are unanimous in the declaration that Italy will not make a separate peace with Austria or Germany. Left to right in the photograph: Alvise Dragadini of the transportation department; General Gugliemini, military attaché; Enrico Arlotto, minister of maritime and railway transportation of Italy and head of the Italian commission; Commander Vannutelli, representing the navy; G. Farde of the department of industry and commerce, and Gaetano Pietra of the agricultural department.

BELGIANS IN BOATS RAID TRENCHES OF ENEMY IN FLANDERS

With the Belgian Army in Flanders, April 30.—Boating to battle is one of the novelties of fighting on this part of the western front where the Belgian and German lines are separated by miles of flooded lands. Trench raids are almost unheard of here. The only thing approximating them are bombing expeditions carried on from skiffs which are paddled skillfully under cover of darkness to the enemy lines.

"Just at the edge of the water in front of our trench," said a Belgian officer, "we have two little 'raches' where our two boats lie hidden, and when darkness has come we set out on patrol. Some times with padded oars, some times with punt poles—for in most places the water is quite shallow—we creep toward the German lines. At any moment a star shell may give you away, and bullets spouting up the water around you or whistling over your head warn you that you are in No Man's Sea is not always a healthy game."

"But the growing excitement comes when you meet a German patrol boat. Once when I was out with a sergeant and two men we heard the steady splash of a punt pole in the water coming slowly towards us. We took out the safety pins from our bombs and waited until they were almost on us. Then we let fly. Look!"—and he rolled up the sleeve of his tunic to show a deep scar near his elbow—"I got a bomb from a bit of one of our own bombs, so close did we let the Germans come. But not one of them could have escaped or at least three

Worley Hearing Is Set for Wednesday Returned to Jail

Douglas Worley, charged with shooting his wife with intent to kill, last Sunday evening in Smith street, was arraigned before Mayor R. C. Bigbee in police court today and pleaded not guilty. His hearing was set for Wednesday morning at 9 o'clock and he was remanded back to prison until he could furnish bail in the sum of \$500.

Mrs. Worley, who received part of a load of shot in the left side of her head was reported as having a comfortable night and will soon be able to leave the City Hospital where she was taken shortly after the shooting. At the hearing tomorrow Worley will be represented by Attorney B. G. Smythe.

Corns Peel Right Off With "Gets-It"

2 Drops, and the Corn is a "Goner." When you've got to walk on the sides of your shoe to get away from those awful corn-pains, there's only one common-sense thing to do: Use "Gets-It." Your Corns Won't Swell in Water, Heal, They'll Shrink, Loosen and Peel Off!

Put 2 or 3 drops of "Gets-It" on the corn right away. Turn and turn about, the corn will begin to shrivel from that instant—then it loosens and falls right off. There's no other corn-remover in the world that acts like "Gets-It." No new corns have been made in corn-removers since "Gets-It" was born. Don't forget that fact. "Gets-It" does away forever with the use of salves that irritate, bandages that make a bundle of your toe, plasters that half do the work, knives and scissors that draw blood. Use "Gets-It"—no more digging or cutting.

"Gets-It" is sold everywhere, 25c a bottle, or sent on receipt of price by Dr. Lawrence & Co., Chicago, Ill. Sold in Newark and recommended as the world's best corn remedy by T. J. Evans and W. A. Drman.

Many a man who is eager to enlist and get to the front may be taken back by the medical examiners.

Proper Precautions For Property Owners

It goes without saying that every property owner should carry sufficient fire insurance to cover any possible loss fully.

It is equally important that fire insurance policies should be kept in a place of unquestioned security, such as a private safe deposit box in this "Old Home." The same precautions should be taken in keeping life insurance policies, deeds, mortgages, notes, etc.

We rent safe deposit boxes for \$1.50 yearly and upward. Safeguard your valuable papers now!

MOTHER OF FOUR TELLS HER STORY

Could Hardly Do Her Work, She Was So Run Down.

TANLAC GAVE HER STRENGTH

Men folks can't imagine the steps a woman takes and the million things she does to keep home cozy and clean. Only women know the true meaning of the word "housework."

Mrs. C. M. Binkley, 236 Fair avenue, Lancaster, tells this entirely for the benefit of her sex:

"I am able to do my housework with ease. I can start in the morning and keep on going until I am through. I never stop to rest. It's no use for me to tell you what I have to do. I have four children. That explains best."

"Several weeks ago I was so weak I could hardly drag myself around. You wonder what caused the change. Well, it was Tanlac."

"Before I took Tanlac my head ached at times so that I could scarcely see. I was so nervous that I can't remember when I got a good night's rest. And when I got up I was about as tired as when I went to bed. My stomach was so badly disordered that even the plainest foods soured. Many times I had to grab hold of a chair to keep from falling. I was so dizzy. Tanlac relieved all of this. I feel like a different woman."

"Tanalac is a vegetable tonic especially designed to build up rundown people. Get it today. It will do for you what it has done for thousands of others."

Tanalac may be obtained in Newark at W. A. Erman's drug store and in the following nearby towns: Alexandria, C. M. Gilmore; Pataskala, J. R. Strine; Granville, W. P. Ullman; Hebron, Hebron Drug Co.—Advertisement.

BROMLEY PARTY STARTS ON LAST WEEK OF WORK

Today the last week of the Bromley Evangelist campaign opens and the entire Bromley party is primed for the closing week which is also the last of the evangelistic season for them. This week marks the closing of the fifth campaign of the season for the party.

Evangelist Bromley and his party are well pleased with the success of the campaign thus far considering the many handicaps that they had to contend with, and they are all looking forward to a big week beginning tonight.

The Masonic bodies will turn out tonight as will also the business women. This will be the last day for a luncheon for business women under the auspices of the Bromley party and Bible classes and prayer bands in the different places of employment are being organized now. The neighborhood prayer meetings are being organized into permanent Bible study classes and tomorrow morning there will be instructions given at the tabernacle on how to study the Bible. The book of Acts will be explained.

Tomorrow night flower and chorus night will be observed. Flowers will be sent to the sick and shut-ins of the town and an effort is being made to have the people bring potted plants rather than cut flowers to this service. The chorus has made elaborate arrangements to put on a big program tomorrow night and it will be their own night.

Thursday afternoon and evening Mothers Day will be observed. Friday there will be a church and Sunday school parade.

Next Sunday there will be three meetings at the tabernacle, morning, afternoon and evening and, according to the present arrangement, the tabernacle meetings will come to a close at that time.

Mayor Higbee today issued a proclamation requesting Newark people to join the tabernacle people in the observance of Mother's day, Thursday. An effort is being made to close stores from 2 until 4 o'clock on that day.

TABERNACLE ANNOUNCEMENTS

Tuesday
5:45 p. m.—Business girls' luncheon in the Plymouth Congregational church.
7:30 p. m.—Services at the tabernacle. The Masons, and the business girls' Bible classes will attend in a body.

Wednesday
9:00 a. m.—All interested in neighborhood Bible classes will meet at the tabernacle.
12:00 m.—Shop meeting at the Yous cigar factory.

2:00 p. m.—Preaching services at the tabernacle.
2:45 p. m.—Bible study class at the tabernacle.

4:00 p. m.—Teachers' Bible study class in the First M. E. church.
7:30 p. m.—Chorus and flower night, in connection with the preaching service at the tabernacle.

Last night there was a meeting at the tabernacle of all the trail biters and there was a large attendance. There was an address delivered to them by Miss Ditzel who explained to them just what the churches expected of them and also told them what they can expect from the churches. The meeting was well attended and is part of the conservative plan of the Bromley campaign.

The big chorus choir spent more than an hour last night in rehearsing for choir night which will be observed tomorrow night. Several heavy numbers have been secured and the big chorus was sent through a heavy practice by Charles H. Wieden.

Tomorrow night will also be flower night and the people are urged to bring their flowers to the tabernacle and they will be distributed to the sick and shut-ins of the town. Potted plants especially are wanted for this occasion.

A committee is busily engaged at present listing all the shut-ins in the entire town for this purpose.

Thursday afternoon several hours will be given over to the honoring of the motherhood of the nation. A large number of rockers have been provided for the old mothers at this service which will be held at 2:00 o'clock in the afternoon and Evangelist Bromley will preach the sermon. There will also be a carnation for each mother attending.

In many towns on Mother's Day business is suspended for a period of three hours to give all an opportunity to go to the tabernacle and honor their mothers. In many cities the schools also declare a recess for that time.

CENSOR SENTENCED TO PRISON; TOLD LETTER SECRETS

(Associated Press Correspondence)
London, May 5.—A sentence of three years penal servitude was meted out to an assistant censor of cables at the press bureau here the other day for "collecting without authority and communicating information calculated to be useful to the enemy, contrary to the defense of the realm regulations."

The censor was Anthony Thomas Spalding, 43 years of age. The case was the first of its kind in the war. The case was held in Camera. The prisoner was found guilty of sending to a friend in the north of England what he called "bits of information." The friend communicated the information to others, one of whom actually made written copies of the letters. A special constable at Manchester informed the authorities.

In sentencing the prisoner the court said:
"The prisoner did not do these

things to assist the enemy, or his life would have been forfeited. A censorship is highly repugnant to the feelings of the English people and can only stand on the understanding that the persons entrusted with the duties act in the highest good faith."

STATE COLLEGES CLOSED TO ALLOW STUDENTS TO HELP

Columbus, O., May 15.—As a result of conferences held in the Capitol yesterday it was agreed, on the part of the heads of six state higher educational institutions, to close schools today so far as all the male students are concerned, with the exception of the medical, engineering and graduating classes and of graduate students seeking degrees.

The schools are to remain closed until June 4. The object is to augment the forces that are in the fields increasing the acreage of planting of spring crops. It was arranged that those who no longer are needed in planting, or who have made themselves valuable in productive enterprise, will return to school work June 4 for the final sessions and examinations. At the discretion of the heads of institutions, others may consider their college year as completed now, with credit for a full year's work.

Affected by the decision are Ohio State University, Ohio University at Athens, Miami University at Oxford, Kent and Bowling Green Normal schools and Wilberforce University for colored students.

The announcements were made at chapel this morning and will be effective immediately. The one admitted weak point is in the distribution of the men, but the honor of students is expected to insure that they will go to work. Those who shirk may be followed in special reports at a later period.

The summer normal schools are to be continued, although Governor James M. Cox, who called the conference, suggested originally that they be dismissed. In the summer schools both sexes will be trained for teaching work and it has been agreed that special courses will be added for students.

YOUTH CONFESSES TO KILLING WOMAN AND OTHER CRIMES

(Associated Press Telegram)
San Francisco, May 15.—Joseph Redenbaugh, alias Edward Hamilton, a youth of 19, last night confessed, according to the police, that he shot and killed Mrs. Alice McQuillan Dunn, divorced wife of H. C. Dunn, her father's home in St. Paul, April 22, and that two days previously he shot and killed Policeman George Conery, of Minneapolis, who had arrested him for speeding.

Redenbaugh also confessed, according to the police, that he robbed the University Place bank, at University Place, Nebraska, last February, that he robbed a safe in Ripley, Oklahoma, and that he had stolen and sold a score or more of automobiles in eastern and middle west cities.

Redenbaugh told the police that the murder of Mrs. Dunn was first considered last October and charged that a St. Paul man had planned the details. He told the officers that when he was first approached about the killing of Mrs. Dunn, he was informed that he could get \$2000 for "the job."

Redenbaugh said that after the death of Conery he went again to the man who had approached him about killing Mrs. Dunn and told him he was ready to go ahead. He said that Frank McCol, in custody at Omaha, who accompanied him when Conery was killed, was with him, and was to share in the money offered for killing Mrs. Dunn, and that they demanded \$3000. He then detailed, according to the police, the manner in which he entered the home of Mrs. Dunn and how he killed her and received his pay.

Redenbaugh told the police that he was first taken into custody for robbery when he was 9 years old and was given a year and a half in a detention home.

NEWARK TOWNSHIP GRADUATES TWENTY

The annual commencement of the Newark township schools will be held Thursday evening of this week, at 7:30 o'clock at Taylor Hall, E. M. C. A. Superintendent Hawkins of the local school will deliver the address of the evening and the exercises will take part in the program. There is a class of 20 graduates.

WILL TRANSPORT HEMP.
(Associated Press Telegram)
Washington, May 15.—Former German steamships in Philippine ports will be utilized to bring hemp from the islands to the United States for the manufacture of binder twine, sorely needed for farming operations in this country.

Music in infinite variety—yours with a Victrola!

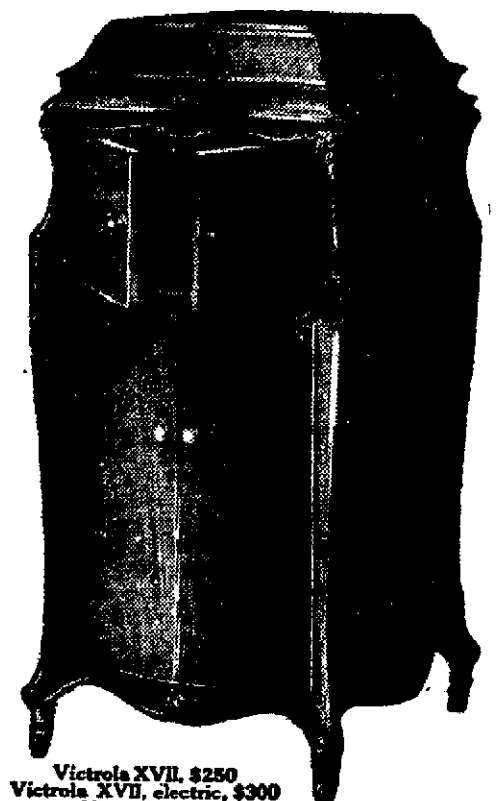

Where is there an instrument that can express our ever changing feelings so perfectly as the Victrola?

As it has always a song, an instrumental piece, a dance, a hymn or a sparkling tune for every mood, it is the instrument of which you can never tire. In the Victrola you find the zest of ever discovering new pleasures.

Only the Victrola offers such infinite variety as the glorious interpretations of Caruso, Alda, Brascia, de Luca, Destinn, Farrar, Gadske, Galli-Curci, Garrison, Gluck, Hempel, Homer, Journet, Martinelli, McCormack, Melba, Ruffo, Schumann-Heink, Scotti, Tetrassini and Whitehill, who make records exclusively for the Victor.

The Victrola gives you the music you like in ever changing forms of delight. It is the instrument of perpetual pleasure.

Ask any Victor dealer to play for you any kind of music you wish to hear and to demonstrate the various styles of the Victor and Victrola—\$10 to \$400.

Victrola XVII, \$250
Victrola XVII, electric, \$300

ESTABLISHED IN 1820.

LIBERTY LOAN.

The following facts will answer
many questions that are being asked
about the new liberty loan:Amount of loan authorized, five
billion dollars; present issue, two
billions.Dated June 15, 1917. Due June
15, 1947.Redeemable at the government's
option after June 15, 1932. Pay-
able in gold coins.Interest, 3-1/2 per cent, payable
June 15 and December 15.Exempt both as to principal and
interest, from all taxation, except estate
or inheritance taxes.Bonds come in two forms, coupon
or registered. Coupon bonds have
principal and interest payable to
bearer. Registered bonds have the
owner's name registered with the
government; interest is payable by
check mailed direct from Washing-
ton. Form desired is optional with
the purchaser.Coupon bonds are in denomina-
tions of \$50, \$100, \$500, \$1000.Registered bonds are in denomina-
tions of \$100, \$500, \$1000, \$5000.If any subsequent series of bonds
(not including short-term obliga-
tions) is issued by the United States,
bearing a higher interest rate than
3-1/2 per cent before the end of the
war, the holders of the present issue
will have the privilege of converting,
par for par, into the new bonds.Terms of payment. Application
must be made on or before June 15,
1917, through the secretary of the
treasury can close the books before
that date at his discretion. Payment
for the bonds must be made as fol-
lows: 2 per cent with application;
the balance in four installments on
specified dates, the last date August
30. Other terms of payment can be
arranged for, including down pay-
ment in full.Interim certificates will be issued
with the second installment pay-
ment. Delivery of the bonds them-
selves will be made as soon as prac-
ticable after June 28 to purchasers
who have made full payment.

NO DANGER OF OVER-SUPPLY

Some confirmed pessimists are
giving out the idea that the garden
movement may be overdone, result-
ing in unreasonably low prices. Al-
so it would be terrible if the world
should come to an end before next
fall, and prevent the crops from
being harvested.That there can be an over-supply
of substantial foods next winter
seems beyond the range of possi-
bility. The food-production of our al-
lies is steadily falling off, owing to
the increased number of men who
are serving in the trenches and
the emergency labor shortage, the
world being gathered will hardly do
more than supply the gap created by
the labor shortage of the past few years.
At the best, high school and college
boys can't do the work of farm
hands that have dug in the soil all
their lives. Boys are more or less
irresponsible anyway, and even those
who are industrious will be hand-
icapped by their ignorance of
methods of cultivation.Food-production is not on a
sound basis if the crops only just
barely equal the total consumption.
It is too much like the landlady
who was noted for the skimping
amounts of food she allotted to her
hungry boarders. After surveying the
empty table one night, every
diner there having been con-
sumed, she remarked, jubilantly,
"Well, I guessed to a bean."The boarders remained gloomily
silent reflecting that if there hadbeen twice as much food, the table
would still have been cleared. So it
is with the food crop of this year.
Whatever there is will be needed. If
there was ever a chance to make
money on anything, it would seem to
be in food-production this year for
the man who organizes it on a sound
basis.

GOVERNOR COX.

As both of the political platforms
last year declared for equal suffrage,
it was proper that the Ohio legisla-
ture should grant women the right
to vote at presidential elections and
it was equally right and proper that
Governor Cox should announce that
he will use his best effort to defeat
the referendum of this measure. It
would be an act of bad faith if the
Democratic administration did not
support the declaration made in the
St. Louis national platform.In speaking of the proposition
Sunday, Governor Cox said, that
women are to give their sons as sol-
diers in the war for world-wide de-
mocracy and therefore they are en-
titled to participate in the govern-
ment, to shape its policies and to di-
rect its plans quite as much as are
men. This is one of the many rea-
sons that may be advanced why
women should be given the ballot.Governor Cox has taken the right
attitude in this matter as he has in
practically everything he has done
since his inauguration last January
and the progression, earnest, intel-
ligent and patriotic governor that he
is pursuing is winning him new
friends every day and is producing
favorable comment throughout the
nation. We have a real governor, an
able, straightforward man in James
M. Cox.The United States farmer will be
the backbone of the forces allied
against the kaiser if the war con-
tinues beyond this year, and there
is every indication that the end is
not in sight. This government is
preparing for a three to five-year
struggle. Arm and farm. Plant and
cultivate.Still another of those men who
should be taken firmly by the ear
and introduced to the spade is the
man who comes around with that 99
per cent kitchen utensil guaranteed
to make domestic work wholly a
pleasure.Many of our patriotic people would
be delighted to buy the new govern-
ment bonds if it were not that the
cold and selfish refusal to lend
them money for living expenses.According to many of the invent-
ors, all the United States has to do
to solve the submarine problem is to
pay them a good suitable sum for
their own little device.Before the Russians make an at-
tack now they have to refer it to
the committee on the whole and give
the bill three readings in the regu-
lar order of the day.It will be impossible to tell
whether this anti-submarine device
is good for anything until it has been
submitted to the crowd around the
grocery store.It will only cost the United
States twice more than formerly to
prepare for war now, but at that
time war preparations were called
extravagant.The man who can't cultivate his
garden one week because it is too
cold, is usually the same one who
can't do it the next week because it
is too hot.While they are taxing baseball and
other favorite amusements, they
might get some revenue by selling
licenses to lick the umpire.Feeling that it is legitimate to
work on Sunday through the war
period, many men go out for 125-
mile automobile trips.Lots of men would have better
quarters if they had better halves.—
Columbus Monitor.

Also, if they had better sense.

Why not build a few submarine
freighters?Wigwag—"Is it possible to come all
the way through from California
without chance?" Was—"Well, you
probably won't have much after the
Pullman porter gets through with you."Crown Prince Willie is doing all
he can to grow up and be a war lord
like his father.—Washington Star.

PLACE FOR ROOSEVELT.

(Cleveland Plain Dealer.)

It would be a mistake not to
utilize, in the present national
emergency, the tremendous dynamic
force of the Roosevelt personality.
If, despite the action of congress,
President Wilson decides to follow
the advice of the war department
and army experts and refrains
from authorizing the dispatch
of a volunteer army to France,
there are ways in which Theodore
Roosevelt may be employed more
profitably. The colonel is not an ex-
pert or a professional soldier, but he
is a professional statesman and an
expert orator.The United States is preparing to
send a commission to Russia. Elihu
Root is to be chairman, if present
plans are carried out. His selection
is eminently fitting and has proved
popular. It indicates a kind of
service for which Mr. Roosevelt also
is well qualified by experience and
renewal.Other commissions will in all prob-
ability be sent to others of America's
allies. At the head of the most im-
portant of them may well be placed
Mr. Roosevelt. It would be a public
service of importance, and an oppor-
tunity for the government to utilize
a man whom the world respects and
admires as representative of virile
America. France sends Joffre; Bal-
four represents Great Britain. The
strongest is none too strong for the
United States to send in return.

NO PRIVILEGED CLASS.

(Pittsburgh Post.)

Talking about the war, two men
in a street of a town not far from
Pittsburgh were joined by a prosper-
ous looking farmer who chimed in
with the remark:"Well, there's one thing the govern-
ment is asking for which it won't
get."

"And what's that?"

"Why, it won't get us farmers to
raise more foodstuffs for less money
—that's what. No government has
any right to tell me how I shall run
my farm, how much stuff I shall pro-
duce, and what I shall take for it."One hearer simply smiled in-
dulgently, but the other, James Ball
Naylor, placed his hand on that
farmer's shoulder and said with mock
earnestness:"Your right, my man—just right!
The government has a right to take
my boy away from a 38-day job, and
stand him up to be shot at, and re-
ward him with 50 cents a day—to
protect you and your farm; but it has
no right to ask you to do anything.The government has a right to
demand that munition makers fur-
nish their products for a certain
price; but it has no right to ask you
to furnish your crops at a fixed price.
The government has a right to say to
the transportation companies that
they shall carry all necessities, will-
ingly; but it has no right to say what
acreage you shall plant. The govern-
ment has a right to say to workers
on all public utilities, 'You shall not
strike,' but it has no right to say to
you: 'You shall quit work.' You be-
long to a privileged class. Don't
you?"He didn't reply; he just coughed,
shuffled his feet—and passed on.

Pointed Paragraphs

There would be less need of a
censorship if, when these war
boards met in secret session, they
came out of it with closed mouths.
—Rochester Herald.It is to be hoped that in organiz-
ing its scientists for service, Prince-
ton University will not fail to in-
clude an anthropologist who can as-
sign the Prussians to their proper
place in barbaric history.—Indian-
apolis News.The Hindenburg line is just now
of vastly more importance to Ger-
many than the Hohenzollern or the
Hapsburg line.—Florida Times-Uni-
on.Shifting interned Germans to the
mountains of North Carolina may
be part of a deep-laid plan to con-
vince 'em of the superiority of corn
over barley.—Washington Post.Germany is looking for a new na-
tional hymn, objection being made
to "Hail to the Victor" on the
ground that the music is not stirring
enough. Also there seems to be
something wrong with the title.—
Kansas City Star.Von Hindenburg says victory is
now certain "if the home army also
holds out." Keeping that home army
fooled is one of Germany's toughest
problems right now.—Savannah
News.If the war could be won by talk-
ing, the German army would be a
piker compared with the House of
Representatives.—Charleston News
and Courier.Germany will probably take much
comfort out of the spectacle of this
country presents of each class inthis country trying to put it over on
some other class.—Houston Post.

Spirit of the Press

Kaiser Must Go.

The American Socialists have
sent word to the German Socialists
that "the Hohenzollerns must go."
Have stated with admirable brevity
the conditions on which the world
can return to a state of peace with
reasonable prospects of its continu-
ance. This is the most important
of all facts to hammer into the
consciousness of all Germans,
whether Socialists or not.—Philadel-
phia Record.

Samuel Gompers.

Mr. Gompers, president of the
American Federation of Labor, is
doing well his stint for liberty. To
a request that he allow his name to
be used in the call for a peace con-
ference in New York, he replied:
"I prefer not to ally myself with the
kaiser in America." Mr. Gompers
knows that there can be no peace or
liberty in the world till autocracy is
beaten.—Columbus Dispatch.

What Do You Suggest?

Kaiser William has summoned a
Piqua, O., dentist now in Germany
to come to the German great head-
quarters to work on the imperial
teeth. Ohio expects her every son
to do his duty.—Columbus Citizen.

State News

Zanesville, May 15.—The school
board last night elected F. C. Kirk-
endall of Greenorth to succeed W.
C. Bowers as superintendent of
schools. He was elected for four
years at \$1700 for the first year and
an increase of \$100 for each succeed-
ing year. Mr. Bowers was a candi-
date for re-election.

BOY PLEADS GUILTY.

Somerset, May 15.—Clarence Al-
lard, 18, arrested on the charge of
stealing a horse from Silas Baker
has pleaded guilty.

DRAFT BOARD IS SELECTED.

Zanesville, May 15.—Common
Pleas Judge C. C. Leuett last night
announced the appointment of John
J. Frick, Democrat, former sheriff,
and A. A. Piegel, Republican, former
county treasurer, as members of the
Muskingum County draft board. The
Physician member has not been
announced.

right foot being cut off.

EASTERN STAR NOTICE.

All members of Eastern Star are
requested to assemble at the Masonic
Temple tonight at 6:45 to join with
the Masons and attend the services
at the tabernacle.

Abie Martin

Rev. W. J. Du Hadway and wife of
the M. E. church left Monday for a
ten days visit with friends and rela-
tives at their old home in Maryland.
Rev. Edgar K. Morrow will fill his
appointments during his absence.The second of a series of guest meet-
ings of the Cecilia Music club will be
held Tuesday evening May 15 at the
home of Mrs. J. A. Zies.Rev. Percy H. Wilson of the Pres-
byterian church will leave with his family
May 21, to attend a state meeting of
the members of their church held in Bel-
fontaine.The senior class play of the M. E.
church, "The Girl From Uper-
Seven," will be given at the opera
house Friday and Saturday nights,
May 18 and 19. Reservation of seats
Wednesday at 2 o'clock. All tickets
senior boys are free, and this one
will be no exception to the rule.The annual baccalaureate sermon for
the class of 1917 will be given in the
M. E. church next Sunday evening, by
the Rev. Mr. Mergler of the Presbyter-
ian church.The second annual eighth grade
commencement of Utica village and
Burlington township schools will be
held in the Disciple church, Wednes-
day evening, May 23. The class this
year numbers 46 fine boys and girls.
A short program will be given by the
class, followed by the annual class ad-dress given this year by Sam. Chas.
W. Cookson of Troy, Ohio. Come out
and enjoy it. Admission free.The regular commencement exer-
cises of the high school will be
held at the opera house Thursday eve-
ning, May 24. The class speaker is our
old friend, Sam. James T. Pease of
Sandusky, and the music will be fur-
nished by fourth Ohio regiment or-
chestra of Columbus. It is possible this
will also be from the class this year.A supper for the benefit of the
numbers is as follows: Mary McEl-
land, Mary Trowbridge, Mary Helphrey,
Pearlina Arltich, Hazel Smith, Althea
Gittman, Florence Kirkpatrick, Eleanor
Kirkpatrick, Margaret McClelland, Lu-
cile Holmstrom, Paul Sells, Theodore
Parker, Wilbur Elliott, Lillian Shaw,
Ray Moore, Edith Howard, William
Howard and Ralph Weaver.Several of the older citizens of our
village have received the following in-
vitation: You are cordially invited to
be present at a banquet to be given
in honor of the survivors of the M. E.
high school of the years of 1862 and
1863. By a member, F. C. Larimore,
lost. The above banquet will be held
in the parlors of the Presbyterian
church, at 6 o'clock.A supper for the benefit of the
Cross church was held in the M. E.
church basement last Saturday night.
After supper collectors on the streets
secured about 75 names for member-
ship. An organization was effected on
Sunday afternoon.

NOT A CHANGE

THE ADVOCATE'S MELTING POT

It is not simply beets and pota-
tes and corn and string beans that
one raises in his well-hoed garden;
it is the average of human life.—
Charles Dudley Warner.About the House.

That there was an Act of Con-
gress, approved March 1, 1911, en-titled, "An Act to protect the digni-
ty and honor of the uniform of the
United States?" It provides:—
"That hereafter no proprietor, man-
ager or employee of a theatre or
other public place of entertainment
or amusement in the District of Co-
lumbia or in any Territory, the Dis-
trict of Alaska or insular possessions
of the United States, shall make or
cause to be made any discrimination
against any person lawfully wearing
the uniform of the Army, Navy,
Revenue Cutter Service, or Marine
Corps of the United States, because
of that uniform, and any person
making or causing to be made such
discrimination shall be guilty of a
misdemeanor, punishable by a fine
not exceeding five hundred dollars."

"Gotmine" and "Bill."

Dear M. P. Editor:—

When that lovely young grass
"wilder" tied into me for abusing
her much abused husband, I
kinda peevish, so I sent a wireless
after Bill and he answers for follows:I'm on my way, Hip, Lip! Hooryay!
Across the briny ocean,
To sunny France where I perchance
Can join the big commotion.
And when my ship glides in the slip
I'll be so dog-gone happy,
The people there will say, take care!
Here comes a guy that's scrappy.With sword and gun I'll straightway
run
Right in the thick of battle,
To slash and shoot and yell and hoot
And make the bullets rattle.
Then maybe when they furrin' men
See just how brave I am,
They'll call me in and quickly pin
A medal onto me sir.And some fine day back home they'll
say
While looking o'er the Journal
With a gas that says, "Well I declare!
They made our Bill a Colonel!
And all them guys back there'll size
That paper up and tried everything
If Mrs. C. in chasing me
Did not commit a blunder.

T. S.

Tell Mrs. Bill, sir, if you will
I send her this assurance,
"Don't hold your breath until my death
Brings you that life insurance."
The doll well, send me a doll.
Feel better now than ever.
So please don't sick for me to die.
I'm gonna live forever!

Bill.

I like a guy "cheer 'em up."
And loads of vim to back him.
Who from a duty will not swerve
The pains and aches may rack him.

DICKEY PLEADS GUILTY AFTER JURY IS SWORN

Karl Dickey, charged in common pleas court with the murder of Cecil Burrell last November following the shooting of a hunting trip, pleaded guilty to the killing of Burrell after the jury was sworn.

The action taken by Dickey's counsel came as a surprise and followed the formal acceptance of the plea of manslaughter by the jury.

The jury was completed late yesterday and the court was ready to proceed with the trial.

Prosecutor Flory, Assistant Prosecutor Horner and Attorney B. G. Smythe for the defense, made statements to the court outlining what they expected to show by testimony of witnesses.

Dickey was charged with the killing of Cecil Burrell last November following the shooting of a hunting trip. The shooting occurred at the Dickey home in Hoover street.

TWO GENERALS ON RUSSIAN FRONT RESIGN COMMANDS

Petrograd, May 15, via London.—It became known here today that just before the resignation of the Provisional Government of Russia, General Guchkoff, was announced yesterday, General Alexei Brusilov, commander-in-chief of the Russian army on the southern front, and General Gurko, the commander on the Russian western front, asked to be relieved of their commands. The resignations of these two army officers will be considered after the successor of General Guchkoff has been appointed.

ILLINOIS CAMP IS 1200 SHORT QUOTA; START DRILL WORK

(Associated Press Telegram)
Fort Sheridan, Ill., May 15.—More than 1200 men short of its quota, the officers' reserve training camp was formally opened with reveille today, and the actual schooling that is to make officers of the sedate business men and youthful collegians from Illinois, Wisconsin and Michigan was begun.

Of the 5,000 men ordered to report for training only 3736 appeared and as a result the places of the others will be filled by men passed as suitable, but for whom there had been no accommodations previously. Their non-appearance, for the most part, was attributed to their inability to pay the expense concurrent upon their joining.

Every man had been thoroughly equipped when he reported for drill today and every detail of organization had been completed.

ALL HAVE UNIFORMS
(Associated Press Telegram)
Fort Snelling, Minn., May 15.—With the sounding of reveille today the accepted applicants at the officers' training camp here turned out for their first day's drill, which will continue for three months, at which time the men will be declared ready to lead companies into active service, according to the government plan. Nearly all the men have been provided with the regulation clothing but during the early drill today some still wore their civilian garb.

DAWES AND FRIENDS EQUIP AMBULANCE UNIT.
(Associated Press Telegram)
New York, May 15.—Announcement was made here today that Benjamin G. Dawes, a wealthy business man of Columbus, and some of his friends, have donated a complete field unit, consisting of twenty ambulances and a repair car to the American Ambulance Field Service for duty in France. The unit has been recruited among students of Marietta College, who with Mr. Dawes' son are expected to reach New York next Tuesday on their way to France.

GERMANS TAKE AISNE POST.
Berlin, May 15, via London.—Troops of the German Crown Prince have captured the farm of Ste Berthe, east of For de Malmaison on the Aisne front, today's army headquarters statement announces.

Salt Means Much to Health.
"If the human race should be deprived of salt, even for a period of a few months," said a physician, "we would not only lose a natural healthful incentive for our food, but disease, with all its attendant miseries, would spread with such relentless speed as to defy the efforts of the most skillful doctors of the land. Ailing persons frequently refuse sugar, but they seldom turn up their noses at common salt. That is because there is in the body a deficiency of chloride of sodium, and nature intuitively excites the desire for it. Salt is essential to health and life and is as much a food as bread or flesh. If there is no wish for salt in a person doctors uniformly conclude that disease in some form is lurking unsuspected in the system."

The Barking Wolf.
The prairie wolf, the coyote of the Mexicans, is the American representative of the old world jackal. It is thirty-six to forty inches long, with a tail measuring sixteen to eighteen inches. Its color is usually a yellowish gray on the back and sides, with black cloudings. The under parts and inside of limbs are of a dirty white tint. The cry is a sort of snapping bark, and for this reason the animal is known as the barking wolf. It lives and breeds in burrows and has its young in April, often ten at a time. It hunts in packs and is very fleet.

ADMIRAL BEATTY IN BRITISH WAR WORK

Lady David Beatty.

"LET THE AMERICAN SOLDIER GO NOW"

Marshal Joffre in a recent interview said in part:

Vive l'Amerique! Let her send her soldiers to France at once.

We want the American flag on French soil.

Today the battle is raging at its highest fury. France wants every possible energy added to help drive back the enemy.

There is room for the American army on the battlefield today.

France, which has always admired the courage and the valor of Americans, rejoices in the confidence that American soldiers are soon to be fighting side by side with her soldiers.

Let the American soldiers go now.

It is not possible to train them effectively anywhere else than in the theater of war.

Conditions are constantly changing, and they must be on the ground to get acclimated, to breathe the war spirit, to throw themselves wholeheartedly into this great conflict and to inspire their fellow Americans now on the firing line and their French brethren to even further and more glorious endeavor.

France wants the American flag on her soil. France has a deep and abiding love and admiration for America. Nothing could so strongly and eternally cement that devotion and admiration as the inspiring sight of the American flag on French soil.

DAYLIGHT SAVING URGED AS GREAT AID TO FARMERS

Extra Hour Would Allow Many More Persons to Cultivate Their Crops.

The passage of the national daylight saving bill now before congress would be of great advantage to the thousands of amateur gardeners who are seeking to "do their bit" by helping Uncle Sam to increase his food resources. Marcus M. Marks, president of the borough of Manhattan, New York, head of the National Daylight Saving association, said that congress should not overlook the bearing of the daylight saving measure on the food situation.

"The extra hour or two which it would enable amateur gardeners to spend each day in cultivating their tracts might mean the difference between success and failure to many," he explained. "Then, too, hundreds of additional persons would raise gardens if they had an extra hour of spare time a day."

The cities of Binghamton, Elmira, Cortland and Norwich, N. Y., have begun an organized movement to supply the farmers of Broome, Chemung, Cortland and Chenango counties with ample labor for the planting and harvesting of increased crops. Employees in those cities are giving their men with farming experience vacations of from one to three weeks and guaranteeing them the difference between their regular pay and what they receive for working on farms. These men enroll with the farm bureau manager of the county. A census is being taken of the needs of the farmers. As a result of this plan it is believed the farmers of the counties concerned will have no trouble with the labor problem this year.

The Delaware, Lackawanna and Western railroad has agreed to furnish the farmers 25 per cent of its section hands for two weeks in the planting season and also at harvesting time. This road will also transport free of charge the city workers to and from the farms.

Fifteen acres of potatoes, five acres of corn and four acres of other vegetables have been planted by the Home Defense League of Hartsdale, N. Y. Its gardening work has been financed entirely by a single member. Sixty-nine others have promised from an hour to a day and a half of labor each week.

When the crops are harvested the league will open a community store in Hartsdale for their sale at cost to the volunteer workers.

The Long Island food reserve battalion asserted that its efforts had increased by 50 per cent the acreage planted in potatoes on the island. The total acreage this year will be about 30,000, with an average estimate yield of 5,000,000 bushels. More than 2,400 acres have been offered the battalion, and arrangements have been made for the cultivation of nearly all of it.

QUAKERS READY TO AID.

Dr. Cadbury Says 125,000 Will Offer Services.

There are 125,000 Quakers in the United States ready to offer their services to the country in case of war, according to Dr. Henry Joel Cadbury, professor of Biblical literature in Harvard college. Dr. Cadbury, who is also chairman of the Friends' National Peace Conference, a Quaker committee, said in a new paper today:

"While most of the Friends feel that they cannot violate the unimpeachable teaching of Jesus Christ by taking up arms against their fellow men, they are ready to serve their country in any way that is permitted by the dictates of their consciences."

Many a man's love of his country seems purely platonic.

SOMME BATTLE IN MOTION PICTURES AT THE GRAND THEATER

Moving pictures of the battle of Somme, the greatest struggle ever known in history, will be exhibited in this city Thursday and Friday. Manager Abe Thomas of the Grand theater, at enormous expense, has contracted for the films known as "The War," distributed through the Pathé agency and presented by The Official Government Pictures, Inc., for the benefit of the war relief funds, of which W. K. Vandenberg is president and Henry P. Davidson vice president, the latter gentleman being vice president also of all the J. P. Morgan interests.

The Pathé company turns over all money received for distribution in its entirety to the war relief fund. These films are the official British pictures and records of the war and were taken with British army cameras in France and Belgium. Two operators, who first had to join the army and become soldiers, were the cameramen. They succeeded in securing many highly interesting episodes of trench life, firing of big guns, movement of troops, camp life, transporting, etc., until the commencement of the battle of Somme on June 24, that the courageous cameramen really had the first opportunity of recording an actual battle.

The official British war film series will be shown for the first time Thursday and Friday. They will run for seven weeks, two different films being shown each week. There will be no advance in prices giving every man, woman and child in Newark the opportunity of witnessing for the first time in the history of the world, an actual battle.

There is no reason why the army cook shouldn't jump from the frying pan into the firing line.

LABOR MEMORIAL SERVICES SUNDAY AT HIGH SCHOOL

Only a few minor details remain to be completed for the observance of labor's annual memorial service, which will be held on Sunday afternoon, May 20, in the high school auditorium, at 1:30 o'clock, and the committee of arrangements will have them fully worked out and is anticipating a beautifully impressive and interesting service.

More than 75 per cent of the affiliated trades have signified their intention to participate in the services and will march with their various organizations, carrying the banner of their respective locals, supported by the national flag. The line of march will form on Third street, north of West Main, and march to the high school auditorium promptly at 1:15 p. m., and the exercises will open promptly at 1:45. The parade will be led by the Buckeye band, followed immediately by twenty-four little girls, acting as a flower and decorating committee, with the speaker and committee and the various locals in the rear.

The speaker for the occasion, the Hon. Frank Ashman, ex-probate judge of Coshocton county, was an active member of Newark Typographical Union, No. 69, a few years ago, and now holds an honorary withdrawal card. He is one of the best public speakers in Ohio, and is not unknown to Newark people, as he has been here on several occasions, and has promised the committee that he will give Newark labor the best he has—which will be the best there is.

The invitation to attend these services is open to all, and especially is it expected that the families and friends of the deceased members as well as the family of every laboring man in Newark, and their friends, will be in attendance.

SUMMER SCHOOL TO HELP PUPILS GET GOOD GRADES

At the meeting of the board of education held last evening all members were present, Hon. Wm. E. Miller, president of the board, presiding. The session was brief and after the minutes of the previous meeting had been read by Clerk Ben Montgomery, it was decided to give the pupils of the schools an opportunity to witness the circus parade, Friday, and all schools will dismiss in time to witness it and have a holiday for the balance of the day.

The report of the committee on playgrounds was read, recommending a summer school to be held in the Central building, for a term of six weeks. It is believed that there will be students enough enrolled to employ four teachers. Miss Cora Haughey was elected as principal. One of the primary objects of the summer school is to give an opportunity to students to make up on studies in which they failed to make the grades required. However, anyone may register and become eligible, and the board invites the co-operation of all interested in the project.

The pay-roll and officers' salaries were allowed after which Superintendent Wilson Hawkins made a brief report touching on matters of interest to the members regarding school work.

MUSICAL INSTRUMENTS

The selection of good musical instruments and the proper music is one that often is a stumbling block to many of us. Just what to select and where to get it is solved if you call on R. I. Francis and Son who have been in the music business for 22 years here in Newark. Here you can secure any of the small musical instruments as well as talking machines and pianos. You should have a talk with us before you make your selection.

FIFTIETH ANNIVERSARY.

Wednesday, May 9th was a day long to be remembered by Mr. and Mrs. Summer C. Parsons of near Appleton, when by invitation, one hundred relatives and friends gathered at their beautiful country home opposite the old Wesley Chapel church three miles east of Appleton, to help them celebrate their fiftieth wedding anniversary. This couple has been well preserved and no one would take them to be married 50 years.

They have reared a family of 10 children, all living being present except one Mr. Nelson Parsons and family of near Johnston and one deceased Mrs. Bertha Shafer who died several years ago.

At the noon hour all were invited to the table spread in the yard under canvass where dinner was served. The day was spent in a social way, interspersed with music and various games. At a late hour all departed wishing this aged couple much happiness in their declining years. They were the recipients of many valuable presents.

Those present were as follows: Mr. and Mrs. Clyde Hagman, Mr. and Mrs. J. S. Elder and family, Mr. and Mrs. O. D. Layman and family, Mr. and Mrs. Guy Layman and family, Mr. and Mrs. Victor Cornell, Mr. and Mrs. Guy Elder and family, Mr. and Mrs. James Beach, Mr. and Mrs. Clyde Burgoon and family, Mr. Marion Elder, Miss Gladys Nicholson of Mr. Vernon, Mr. and Mrs. Marion Shipley of Centerburg, Mr. and Mrs. O. C. Bowman and son, Mr. and Mrs. Byrie Parsons and family of Chatham, Mr. and Mrs. Andy Wheeler and family, Mr. and Mrs. Silas Anderson of Newark, Mr. and Mrs. W. M. Shipley, Mr. and Mrs. Joe Shipley, Miss Mary Bell of Granville, Mr. and Mrs. E. E. Shipley, Mr. and Mrs. L. M. Shipley, Mr. and Mrs. Glen Shipley, Mr. and Mrs. Eddie Parsons, Mr. and Mrs. D. E. Parsons, Mrs. Hannah Trotter, Mr. William Woodbury, Miss Myrtle Bell, Miss Susannah Bell, Mr. and Mrs. William Cooper, Mr. and Mrs. John

Roberts of Utica, Mrs. Caroline Looker and family of Homer.

THE HOME BEAUTIFUL.
It is a great delight to have nice, cozy, cool rooms in the home during the summer months. Electricity has been one of the greatest discoveries for making the home comfortable. There is the electric fan, the iron, the sweeper and many other conveniences and time and labor saving devices made for the very purpose of lightening the housewife's cares and making the home a real home. The Avery-Loeb Company are in a position to help you solve the problem of making your home more attractive. Just drop in and let them explain how easy it will be.

EXPAND REGULAR ARMY TO FULL WAR STRENGTH.
(ASSOCIATED PRESS TELEGRAM)
Washington, May 15.—Expansion of the regular army to the full war strength contemplated in the administration army bill has been authorized by President Wilson. Organization of the new regiments will begin today. About 65,000 of the 183,000 men to be added to the army already have been recruited.

REJECTS EASTERN TIME.
(ASSOCIATED PRESS TELEGRAM)
Canton, O., May 15.—Canton council last night voted to retain Central Time. An ordinance providing that the city should adopt Eastern Time was killed on its second reading.

Her Dear Friend,
"Jack is kindly in love with you."
"How do you know?"
"He told me he didn't think you looked a day over twenty-nine."

The fellow who didn't enlist because he had a cold is now wondering if he will be able to keep out of a draft.

INDUSTRIAL EXPO. WILL SHOW HOW GOODS ARE MADE

The Wehrle company, the largest stove works in the world, will install an unusually attractive exhibit of their internationally-known products at the Manufacturers' and Merchants' Exposition in the tabernacle building, May 28-June 2.

The Holophone company will show an extensive line of their glass reflectors and shades.

The Newark Telephone company will have a miniature exchange in operation, with phones installed all over the building.

Styron-Beggs will demonstrate the making of extracts, while C. S. Osborn & Co. will display seeds and seed incubators in operation.

R. B. White Lumber company will show what can be done with lumber in building attractive cottages, and the Newark Furniture company will have exhibits of its famous dining room suites and show how they are made. These are but a few of the products of home factories that will be exhibited.

Thousands of souvenirs have been purchased by various merchants for free distribution during the show and a number of manufacturers will

give away miniatures of their wares. No fakers or wheels-of-chance will be permitted in the exposition by the concessions committee.

U. S. BLUEJACKETS IN PARIS ENROUTE HOME.

(ASSOCIATED PRESS TELEGRAM)
Paris, May 15.—Groups of American bluejackets were seen along the boulevards yesterday for the first time during the war, mingling with the French and English sailors in the capital and everywhere being accorded a welcome of the heartiest kind.

The Americans comprise the first contingent from the gunboat Scorpion, which they left at Constantinople upon the declaration of a state of war between the United States and Germany, and had been on the way for more than a month, owing to detentions by the Germans and Austrians along their route. Commander Morton of the Scorpion, is also due here, he having escaped internment with the Scorpion at Constantinople.

OHIO DOCTORS FAVOR NATIONAL PROHIBITION.

Springfield, O., May 15.—With but four dissenting votes in a total of 150, the House of Delegates of the Ohio State Medical Association in its opening business session here yesterday adopted a resolution declaring itself emphatically in favor of national prohibition.

tonic time

Many people are run down and debilitated at the end of winter. They are pale, tired, have no appetite, do not sleep well, have headache and backache. All these are symptoms of thin blood.

Dr. Williams' Pink Pills for Pale People

are a non-alcoholic tonic. They build up the blood, strengthen the nerves, tone up the digestion and soothe aching muscles. They are especially good for growing girls and tired women who worry.

Send a postal card today for this valuable free book **Building Up the Blood**

Your own druggist sells Dr. Williams' Pink Pills or they will be sent by mail, postpaid, on receipt of price 50 cents per box, or six boxes for \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.

SELLS-FLOTO ELEPHANTS

MULE, ZORA TRAINER AND PERFORMER OF KAS & MO TWIN BABY ELEPHANTS

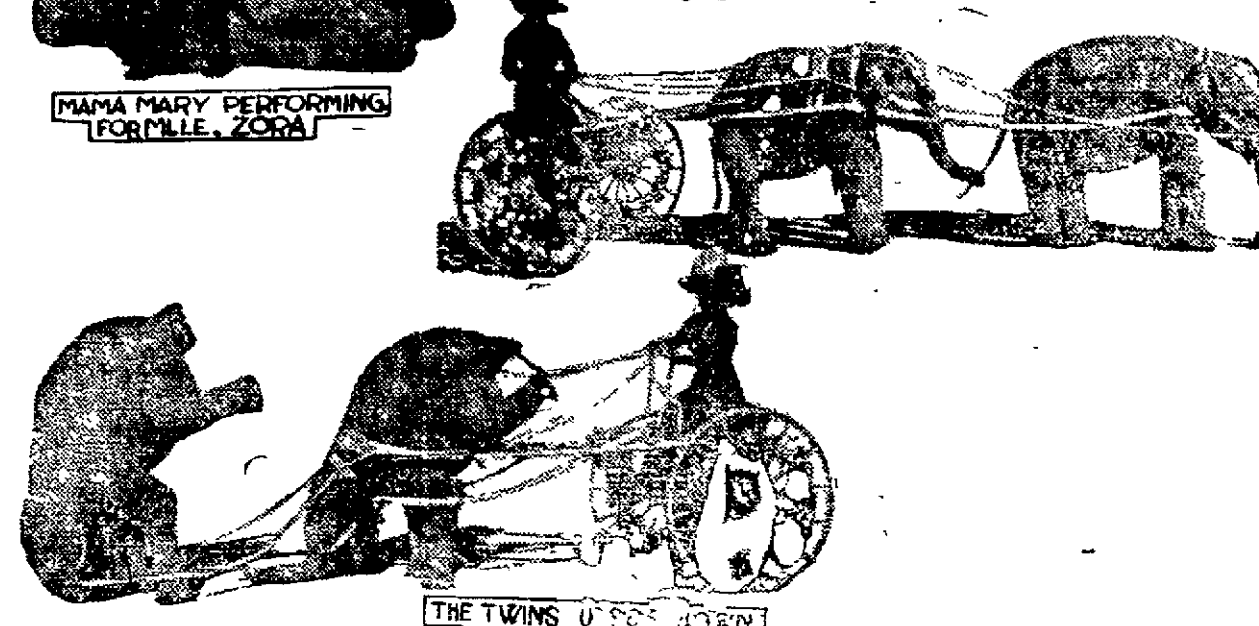

THE TWINS WALKING THE TEN PINS

ALLISPAW DOING THE BIG ONES—TWO SELL'S FLOTO TROUPE LARGEST SIZE PERFORMING ELEPHANTS IN THE WORLD

THE BABIES PLAYING HIGH SCHOOL

MAMA MARY PERFORMING FORMULE, ZORA

Here is a composite picture showing elephants and then some more elephants with the Sells-Floto circus, which will be in Newark Friday, May 18. The Sells-Floto circus has always prided itself on the elephant herd, and there are more varieties and sizes of elephants with than any other show.

The elephant has long been known as "the grand old man of the menagerie," the title being conferred on him by James J. Bady, for years one of the most prominent press agents in America. The composite picture is made up of many smaller pictures, all of which were taken of elephants with the Sells-Floto circus.

These pachyderms have many novelties to offer this season, one of them being an act presented entirely by a woman trainer. Like all other elephants, they will eat peanuts, and nearly everything else that is vegetable matter, and they will be as busy as any other elephants in pushing wagons around the show grounds to the amazement of the youngsters when they come with the circus Friday, May 18.

CIRCUS MONKEYS THRIVE ON FRESH AIR TREATMENT

When the medical fraternity expounded the theory that open air was the best treatment for tuberculosis the circus was the first to try out the theory. The first to do so is the Sells-Floto circus, which will be in Newark, Friday, May 18.

For many years the death rate among monkeys with the circus was appalling. Nearly all died of lung troubles. In the course of a season monkeys representing thousands of dollars investment died. Naturally, anything looking toward relief from this loss of life—and capital—was welcomed.

At the winter quarters of the Sells-Floto Circus a big well lighted and well ventilated monkey house was built. The management decided to leave the monkeys out all the winter. Nature soon divined this and with the coming of fall the monkeys took on unusually heavy coats of hair.

They were allowed only the shelter of a pine wood box, and its purpose was to break the winds. Of forty monkeys put in the cage in November only three died the first year. The only heat they had was that of their own bodies and such as they could get from crowding close to a troupe of trained monkeys that shared the cage with them.

Since the experiment was made the monkeys with the Sells-Floto Circus have proven the most healthy in the world. In buying new monkeys the newcomers from warm climates are gradually made accustomed to the northern country. Under open air treatment they thrive.

25 Years Ago

(From Advocate, May 15, 1892.)

The large barn belonging to Dr. E. S. Brown, was destroyed by fire yesterday. Several horses were lost in the fire also. The loss is estimated at about \$1500.

The following people from Newark attended the annual reunion of the Ohio State Association of Mexican War Veterans, which was held in Chillicothe last week: Capt. James H. Smith, John Stasel, Daniel C. Darlington, Miss Blanche Gray, Miss Mary B. Smith, Mrs. Emma Stasel and Florence T. Stasel.

Hon. J. W. Owens left for Washington, this afternoon.

Samuel Stevens arrived in the city today, from Washington.

BANDIT ROBS SALOON.
(ASSOCIATED PRESS TELEGRAM)

Cleveland, O., May 15.—A lone automobile bandit early this morning backed Fred Hune, bartender in a West Side Saloon, and one customer into a corner at the point of a revolver, took \$50 from the cash register and escaped in his automobile.

15 YEARS AGO TODAY.
(From Advocate, May 15, 1902.)

L. P. Schaus is now traveling in Geneva, Switzerland. He is enjoying the sights of the most historical places in Europe and is having a very pleasant and beneficial time.

Dr. J. R. Sook is in Mt. Gilard today.

Mrs. A. H. Heisey and Mrs. Fred King went to Columbus this morning.

Mrs. J. W. Baldwin left for Decatur, Ill., this morning.

Apple, pear and cherry trees are blooming very well, generally. The strawberry blossoms, however, have probably been injured by frost.

Coal oil is retailing at 8 cents per gallon, while gasoline is retailing at 11 cents.

The World War a Year Ago Today—May 15,

East of Verdun the French captured 200 yards of German trenches, but were repulsed near Dead Man's hill.

The British foreign office announced that there would be no violation of Greek neutrality.

Austria attacks southeast of Trent in the capture of 2,500 Italian prisoners.

Two Years Ago Today.

Aus German troops reached the city of Przemysl, which Russia held since March, 1915.

FLYING BOAT AT BUCKEYE LAKE.

The first attraction ever seen at this popular resort will be the new hydro-aeroplane, or flying boat, which will be at the park for the opening on Sunday, May 20. No park management ever made greater efforts to furnish its patrons with new, clean and high-class entertainment and attractions than the managers of Buckeye Lake Park are making this year.

WINDOW CURTAINS ARE A CHARM

The Way You Choose and Hang Your Draperies Either Makes or mars a Room—Simple Lines and Cheerful Colors Are the Thing.

THE treatment of the windows either makes or mars a room. And the secret of making the room consists not only in selecting the right materials, but in arranging the draperies properly.

In all the new fabrics intended for window draperies, excepting the handsome lace curtains, there is at least a touch of color. Many of these fabrics, expensive and inexpensive, have elaborate all over patterns in several colors. When using such materials care should be taken to select that which matches or harmonizes with the walls of the room. It is also well to remember the use of the room, whether it is a library, bedroom or dining room; also the location of the room. North and east rooms require warm colors to keep them cheerful, while those with a southern or a western exposure need cooler tones.

For rooms of ordinary size simplicity is the safe rule to be observed. Where a room is not only wide, but long, with high ceiling, the festoon manner of fastening back the overdraperies can be made very effective. In smaller apartments the effect gives the impression of "fussiness," which is the opposite of the note of restfulness that should be aimed for.

At present cretonnes to match the wall papers are very much used in bedrooms, the same cretonne being used for bedspreads, chair cushions and even for covers and mats for the dressing table and reading stand. Such curtains should hang to the sill or not more than four inches below. Other bright colored materials suited to bedroom windows are of cotton or linen with colored borders and a contrasting colored center or a white center. These materials can all be bought by the yard and many of them at a cost of a few cents a yard.

The Dutch valance is a popular treatment for bedroom windows. This may consist of a valance of the same material hanging between the curtains and on the same rod, or it may extend across the window and be hung on a separate rod. These valances may be shirred or box plaited, according to whether the material is thin or thick. Where the privacy of an inner lace or net-sash curtain is needed there should be two sets of brackets and at least two, sometimes three, sets of rods.

In selecting curtains for the more formal rooms there is a wealth of new and beautiful fabrics, all equally suitable. So it becomes a question of color and expense. But nothing so much detracts from the tidy appearance of a room as spotted or bedraggled looking window draperies.

ABOUT CAKE BAKING.

How Not to Scorch the Top of Your Prize Recipe.

Where do you set your loaf cakes and what place in your own oven do you give to muffins and small cakes? From your answer your success would be gauged by a scientific baker.

Thin layer cakes, cookies, biscuits, macaroons and other small cakes should always be baked in shallow pans set at the top of the oven. This gives the heat a chance to circulate around the cookies rather than concentrate under them.

Loaf cakes bake more evenly in sheet tin or aluminum pans than in iron pans. The shelf in the center of the oven is right for loaf cakes, and no cake should ever be set on the bottom of the oven.

It is a good idea to start sponge cake and loaf cakes in a very slow oven and then increase the heat as the cake starts to rise. About ten minutes before the cake should be done the gas can be turned off entirely, as there is sufficient heat left in the oven to finish the baking. Whenever it seems desirable to reduce the heat it is better to turn down both burners halfway rather than to turn one out entirely.

WEARING YOUR CLOTHES.

Allow yourself plenty of time to dress, for the woman who boasts of being able to dress in ten or twenty minutes usually looks the part. It takes time to pose a hat and to adjust a veil properly. One of the earmarks of a careless dresser is the sloppiness in which she adjusts her blouse. It is not an uncommon sight to see the belt of the blouse showing above the skirt belt. It requires only a narrow piece of elastic to which a hook and eye are attached to keep the blouse in position.

Next see that your skirt is on perfectly straight. Many well made skirts appear ill fitting because they are not worn properly. If the seams are a half inch out of plumb the skirt is robbed of its style.

One good turn deserves another. in the army.

STRAIGHT LINES.

La Jers in a Fetching New Model For Spring.

USEFUL ELEGANCE.

Jade green wool jersey is here fashioned into a modish topcoat, the fullness of which is box plaited in at the waist and girdled with a strip of the material beaded in white and green. The hat is covered with oriental silk and finished with a gilt tassel.

FIFTY JOBS.

A List of Occupations For Women During Wartime.

In Europe women are now working at all these occupations in order that men may be freed for trench service:

Nursing, canteen cooking, automobile, taxi, train and trolley driving, garage work, wireless, carpentering, shipbuilding, aeroplane construction, railway porters, baggage men, conductors, farm work, market gardening, mail carriers, truck drivers, bank clerks, street sweepers, plumbers, elevator runners, miners, builders, telegraph messengers, window cleaners, butchers, barbers, hotel clerks, hotel managers, taxi starters, billposters, bootblacks, police women, night watchmen, quarry workers, blacksmiths, metal workers, bootmakers, bakers, munition workers, coal carriers, engine cleaners, social relief work, army clerks, dentists, rent collectors, gas man, electric workers, bandage making, fire fighters and dispatch riding.

Chicken Sandwiches.

Chop cold cooked chicken, moisten with white sauce or mayonnaise dressing or season with salt and pepper and moisten with chicken stock or milk. Enter thin slices of bread, spread with the chicken mixture, then put a crisp lettuce leaf on top and cover with another slice of buttered bread. Cut into neat shapes. Bread for sandwiches cuts better when a day old. Serve sandwiches piled on a plate or sandwich tray covered with a dolly.

None are so blind as those who refuse to see their duty.

MODISH STYLES FOR THE FAMILY

Easy Ways to Make Trig Garments Without the Price of French Models—Tips About Pockets and Spring Silhouettes and Neck Lines.

PLAY frocks for the little girl up to ten years old are really simple given a good seamstress and a good pattern. There is one that could be utilized for all the play frocks that a little girl would need in the course of the summer. It is of the simplest design. It is made kimono-wise, and the sleeves are in one piece with the body of the dress. It can be made with a back opening or with an opening extending from the neck on each shoulder part way down the arm and without the back opening. It can be made with or without a belt and patch pockets and with short or long sleeves. These variations, with the use of different materials and trimming bands, scallops and other embroidery suggest eight or ten possibilities with the one pattern.

Almost as much can be done with a pattern for a house dress for a woman. There are some very attractive patterns which show short and long sleeves, three or four possibilities in the way of neck line or collar and then there is the possibility of trimming with bands of contrasting material and of adding patch pockets or dainty lawn or organdie collars. The same pattern can be used for a washable negligee by leaving the frock open all the way down the front and by omitting the belt, substituting for it a ribbon girdle or else leaving the fullness unconfined.

Whatever changes there may be in summer styles, the pocket is still greatly in evidence. There is a pattern for a number of these pockets, and with it the simplest sort of frock can be elaborated into something quite unusual. There are three cornered pockets, square and rounded pockets, pockets that hang from the belt and pockets that are trimmed with buttons, tassels and lacings. There are even pockets that are part of a wide belt, and the woman who wishes to make several frocks from one pattern could do no better than to differentiate them with these pockets.

The lines of the spring are different from those of the winter. If you have a seamstress in the house she must work on the new lines, of course, and nothing insures this more accurately than a good lining pattern. Over a nicely cut lining fabric can really be draped and pinned into the folds and lines that form the new frock. Especially for the stout woman a perfectly fitted lining is essential. The lining pattern is cut in many places and can be nicely adjusted to any figure.

Custard For Invalids.

One cupful beef tea or good stock from chicken or beef, two eggs, salt and pepper. Beat the eggs till light, but not foamy, and add salt and pepper if not objected to. Have the beef tea or stock hot and pour it over the eggs. Strain into greased cups or small molds and cover each with greased paper. Stand the molds in a vessel of hot water and cook gently, either in the oven or over the fire, till the custard is set. As soon as a knife blade is inserted in the custard and it comes out clean remove from the fire. Unmold and serve hot or cold. Do not let the water surrounding the molds boil or the custard will be less digestible.

The Bandbox Bag.

A traveling bag displayed next to a gray jersey sports suit takes the shape of a round hat box and is about that size. Black leather is used for the binding and handle, while the bag itself is of black and tan, narrow striped, glazed leather.

ART OF POWDERING.

Applying face powder has become an art, and there isn't one woman in a hundred who understands it properly. She either puts on too much or not enough. Usually she uses too much and then does not know how to remove it so that the effect remains without the powder showing. First have the face perfectly clean, and choose a powder that suits the tint of the natural skin. Powders are offered in six distinct shades. After these important points have been observed dust the powder over the face with a generous hand, using a piece of absorbent cotton in preference to a powder puff. This is more sanitary and better for the skin. Do not forget to powder the neck, ears and eyelids. When they are neglected the face looks queer, and the eyelids become too prominent. Then with the finger tips gently manipulate the face, rubbing the powder in, not brushing it off, as the ignorant woman will do. Rub under the eyes and up close to the hair, and for the eyebrows and eyelashes use a small brush. The face will look smooth, and the powder will remain on a long time if this method is pursued.

When people abandon Hope they generally leave it on the doorstep of Despair.

EAST SIDE SQUARE

COUNTRY THAT THREATENS WORLD'S FREEDOM IS LESS THAN TENTH THE SIZE OF U. S.

Map of Germany showing various states, kingdoms, etc., and map showing how Germany compares in size with continental United States.

Germany proper has an area of 208,825 miles, while the United States and its possessions have an area of 3,026,789 square miles. Germany's colonies have a greater area than the fatherland itself, but they are of no assistance to Germany in the present war. Germany's population, according to the director of the U. S. mint, is 67,800,000, while the population of the United States is placed at 101,577,000. Twenty-six states, four kingdoms, six grand duchies, five duchies, seven principalities, three free cities and Alsace-Lorraine go to make up the German empire. The kingdom of Prussia dominates Germany and forces its policies upon the empire. Alsace-Lorraine, shown at the lower left-hand corner of the map, was taken from France in 1871, but will be returned in case the allies win the war.

FOR YOUNG FOLKS

Sleepy Time Story About an Always Welcome Spring Visitor.

AN OLD AMERICAN LEGEND.

How an Indian Maiden Rescued a Handsome Young Warrior From a Wicked Magician—A Strange Race in the Forest Destroys a Sorcerer.

Well, said Uncle Ben to little Ned and Polly Ann, this evening I am going to tell you about

THE BLUEBIRD.

As you know, the bluebird is one of the first birds that come to us in the spring.

According to the old Indian story, the first bluebird was a brave, a young man who had been changed by a wicked magician into a bird with red and blue feathers just like the bluebird. He was to be a bird until some beautiful maiden would consent to marry him.

One day Minda, a young Indian girl whose father and six brothers had all been killed by a bad magician, was out in the forest gathering sticks. The bluebird flew down to the branch of the tree beside her, and Minda, who had never seen a bluebird before, admitted it. She was astonished when the bird spoke to her, telling her that he was a young man who had been turned into a bird. He asked Minda to marry him. Though at first she would not agree, she at last became his wife. After that the hut in the woods where Minda and her mother and little brother lived was always warm and comfortable, for the bluebird, who had now become a handsome young man, hunted and fished and brought wood for the fire.

One day the old magician called and asked the young man to run a race with him. That was the way he had killed Minda's father and brothers. Minda and her mother were frightened when the young man agreed to race with the old magician.

The next day they all went to the lake where the magician lived.

Now, it always happened that whoever lost a race to the old magician came rushing in at the end, knocked his head against a stone post and dropped dead. So the young man ran his best and was as swift of foot as the old man. The magician then changed himself into a fox and passed the young man. The young man then changed himself into a bluebird and got in front of the old magician. The magician next turned himself into a wolf, then into a deer, then into a buffalo. After that he was unable to take on any new forms, and the young man, who was now bird and now man, won the race, and the bad old magician ran his head into the stone post.

"My work is done," the young man said to his friends. "I must leave you. Only my bride may go with me."

Then he and Minda, his wife, were changed into bluebirds, and they flew away, singing as they went.

And they were the first bluebirds. Since then, so the Indians say, bluebirds have always been seen on earth to cheer the heart of man each year with their promise of the banishment of that cruel old magician, Winter.

And if you will listen to their songs you will hear them caroling their promise, "Truly, truly!"

A Couple of Little Allies.

The pretty little children here pictured are French, and their picture was taken as they were strolling on the shore of the Mediterranean sea.

Photo by American Press Association.

SMALL BATHERS.

which borders the south of France. It is of interest just now to American kiddies, because the two nations are our allies in the great war.

World's Largest Flagstaff.

A huge log 250 feet long and weighing eighteen tons was recently transported from British Columbia to London to be erected as a flagstaff in Kenningtons.

Upon its arrival in London a number of cranes, operating simultaneously, slid the timber free from stanchions and deck houses and dropped it into the water, where a line was secured to its butt to tow it up the Thames river to Kew, where it was erected.

Read The Advocate Weekly Tonight.

ONE SPRING BRIDE.

A Beautiful Design For the Youthful Betrothed.

THIS QUEEN.

White satin made short skirted with a corselet effect for bodice and white net sleeves is also further beautified by a hem and shoulder straps of small pearls. The graceful white net veil is confined with conventional flowers and their foliage.

SUN BATHS.

Health Tips About This Popular Way of Getting Strength.

Prolonged exposure of the human body to bright sunlight in those not accustomed to its rays is dangerous.

The damage is more than the sunburn which results, for physicians have shown that headache and symptoms of meningitis have developed after youths under their observation had been lying several hours in the sunlight with unprotected head and no clothing but bathing trunks.

The symptoms shown by these patients demonstrated that the sun's rays had evidently penetrated the skull, thus indicating that a sunstroke is the consequence of direct exposure to the sun.

Sun baths are most popular with anemic and nervous city indoor workers, but too much sun is most apt to harm the nerve system of nervous people.

Instead of being benefited by long exposure to the sun the nervous are rendered more nervous, and when the summer is over they are tanned, but otherwise in poorer condition than in spring.

No one welcomes more than the physician the "back to nature" tendency of recent years, but they are now being careful to warn against excesses and abuses in the "enjoyment of nature."

For Middle Aged Women.

Women who are middle aged and rather stout will find a cold bath every day with plenty of friction afterward an admirable fat reducer. If you can't take a cold bath have a cold sponge down after your warm bath and dry yourself vigorously with a rough towel. There is something very stimulating in the friction induced by thorough drying after a bath.

Plenty of fresh air is essential to health, and it is essential, too, to avoid much lolling about in easy chairs. This much induces that fatal habit of stooping, as a result of which there is formed, as we get on in years, an unsightly roll of fat between the shoulders, which hangs over the top of the corsets. Very often faulty corsets are responsible for the formation of this figure blemish. Corsets which are laced so as to press the fat upward between the shoulders. To cure it in the first instance you will require to go through a course of scientific massage. Massage is also splendid for fat which forms beneath the waist line and for double chin.

Shoe Rack.

"I have found a shoe rack a very useful and convenient addition to my bedroom closet, as it saves space, keeps the shoes from getting scratched and keeps them in order," said a housekeeper the other day. "It is a six inch board as long as the width of closet placed on a forty-five degree angle at a desirable height. Fasten it to the sides of closet by means of cleats nailed or screwed. Nail a one inch strip full length of board on the top about one inch from upper edge to hook the heels over."

For the Guest Room.

An electric hand lamp in your guest room will prove the greatest convenience to your guest, saving him from stumbling about hunting for the light switch or matches should he wish to get up during the night.

Enlistment is a good cure for that tired feeling.

THE KITCHENETTE

But City Women Like These Real Playhouse Arrangements.

BE SCRUPULOUSLY CLEAN.

How to Hide Your Entire Cooking Outfit in a Nutsell, to Say Nothing of a Bureau Drawer or the Washstand, is the Modern Problem.

When arranging these little doll-house cooking places one should condense arrangements in every possible manner. If a closet with a window is used all the better, as the opening will provide draft for smells, and the closet can be got up a good deal in a regular kitchen manner. There could be the white paint that cleans so easily, a brick red linoleum and white enameled shelves set with an array of cooking vessels and attractive crockery utensils for holding the things of the larder. If much cooking goes on an icebox is indispensable, and the portable nursery ones are just the sort to get, as these are very small, although generous enough for the use of two persons. A coffee pot, three earthenware casseroles, a double boiler, two saucepans and two of the little French plates of frying pans are enough furnishings for a modest closet kitchenette. If the householders are tea drinkers the tea table, with all the apparatus used, could stand in the living room and so leave still more space in the kitchenette.

These little makeshift kitchens, which women of domestic tastes have caused to be introduced into the smartest apartments, are the inspiration for wonderful inventions in the way of cooking conveniences. One is a baker which seems to have been devised at the first period of the metal age—a simple perforated tin plaque lined with something or other and topped with a heavy tin cover in one piece. On this minute thing almost anything small enough to go under the cover can be baked to a T, potatoes especially well. An omelet pan, folding at the center so that the goody itself does not have to be turned, a glass coffee grinder and pepper and salt casters with two and three bottles are among the other handy things.

Business women are given to putting their kitchenettes in odd places. In bureau drawers, washstands, in the space a door between rooms sometimes gives, and so on. But if the little space used is fitted up compactly and kept neatly it may be anywhere. One thing is certain—the kitchenette adds to the joy of life. It is, above all, the cure open to the woman away from home for homesickness and folly. But one must learn to cook, of course.

BREAKFAST JACKET.

How to Make One That is Both Becoming and Cool.

Figured white crape, a straight piece that allows for kimono sleeves, is here almost tailored into a fetching jacket.

FROM PARIS.

The waist is girded into a draw ribbon that ties in front. Please note the flat neck and also that kimono sleeves are coming in again.

Becoming Hats.

Hats are this season particularly lovely, and the fabrics and materials used do much to contribute to their charm. Flexibility characterizes many of the hats, especially those which are made of sports silks, including practically every kind of silk, indeed, of which sports wraps and frocks are made. This means, of course, that it will be comparatively easy to obtain hats that harmonize with the rest of one's garments.

Mixing Mustard.

When mixing mustard add a pinch each of salt and moist sugar and mix with boiling water. It will keep moist much longer and improve in flavor.

The lightweight always blames it on the scales.

FAMOUS MEN OF THREE GREAT NATIONS AT HISTORIC BANQUET IN NEW YORK CITY

Left to right: Vice Admiral Chocheprat of the French commission; Joseph H. Choate; Sir Cecil Spring-Rice, British ambassador at Washington; the "Vacant Chair," occupied by Col. Roosevelt; Marshal Joffre (studying menu); Gov. Whitman of New York; St. Hon. A. J. Balfour, head of the British commission; Mayor John P. Mitchell of New York city; M. Rene Viviani, head of the French commission; William H. Taft, ex-president of the United States, and President Nicholas Murray Butler of Columbia University.

Two ex-presidents of the United States, the governor of New York, all the famous soldiers, sailors and statesmen among the visitors from France and Great Britain, leaders of American thought and action, and the great French general who turned back the German hosts at the gates of Paris, were present at the historic banquet in New York city a few evenings ago. The only regrettable incident that occurred was the sudden and unexpected temporary absence of Col. Roosevelt, who left the table just a few seconds before the photograph, which was precisely timed, was taken. He was called to bid "God speed" to the California University Red Cross unit which was just about to leave for France.

WHY BE BALD?

Tells How to Stimulate Growth of Thick, Lustrous Hair.

A luxuriant head of hair is God's birthright to every man—to every woman. If your hair is thinning out, splitting, prematurely gray, brittle, difficult to comb full of dandruff, and your head itches like mad, it's a pretty sure sign the hair roots are diseased and quick action should be taken. Don't wait, but go to W. A. Egan and get a bottle of Parisian Sage the really efficient hair grower. I don't say "It's the same old story, I've heard it before," but try a bottle at their risk. They guarantee it to stop falling hair and itching scalp and remove all dandruff or money back.

Parisian Sage is also woman's favorite hair dressing because it makes her hair soft, bright, seems more abundant and easy to dress attractively. It's guaranteed harmless and inexpensive.

The Steeplechase.

The first steeplechase were literally "chases to a steeple." The earliest we can discover was a match in 1752 between Edmund Blake and Mr. O'Callaghan over four and a half miles of stiff country between the church of St. Vincent and St. Peter church spire—London Tatler.

"What will happen if America doesn't feed the world?" demanded the serious man. "Oh, let the world chew the rag," replied the flippancy one.

Flower Girls Wanted.

The labor memorial committee
on decorations is desirous of secur-
ing the services of twenty-four lit-
tle girls, ranging in age from 11 to
14 years, to act as flower girls at
the memorial services Sunday after-
noon. Twelve have already volun-
teered and any union man in Newark
who has a daughter of that age who
will assist is requested to hand the
name to W. H. Cocanour, chairman
of the committee at the Masonic
Temple, not later than Thursday.

Attending Medical Meeting.

Dr. Leland Baxter has gone to
Springfield, O., to attend the state
medical association's meeting. The
meeting has been given a place on the
program. Dr. Baxter will return Thurs-
day.

New Law Firm.

Frank A. Bolton and Thomas A.
Feeney are associated in the prac-
tice of law under the firm of Bol-
ton and Feeney. The offices remain
at No. 705 Trust Building.

Mrs. Fitch Dead.

Miss Mary Miller of West Church
street, received word this morning
of the death of Mrs. Alice A. Fitch,
mother of Clyde Fitch, noted play-
wright. Mr. Fitch is a cousin of
Miss Miller.

Appreciated Friendship.

President Daniel Willard of the
Baltimore & Ohio Railroad, has ac-
knowledgeed receipt of the letter from
President Beggs of the Chamber of
Commerce, expressing thanks for
Dr. Manes' speech and the city sur-
vey. President Willard expressed his
appreciation of the friendly attitude
of Newark people and hopes for con-
tinued co-operation between the city
and the railroad.

Barringtons Club.

The Barringtons Club will meet at
the Library on Tuesday evening May
22 instead of this evening the regular
date. A most interesting program
has been prepared. The committee
requests that the hike for this month
may be taken after the meeting for
reasons which will not be explained.

Birth Announcement.

Mr. and Mrs. Charles Dean of St.
Clair street announce the birth of a
daughter, Saturday, May 12. Mrs.
Dean was formerly Miss Dorothy
Kelly.

Tobacco Lecture Course.

The fourth number of the lecture
course, the Columbian Quartet, will
be given in the Tobacco school build-
ing, Thursday evening, May 17. The
program will consist of vocal and in-
strumental music.

Farm in Canal Bed.

Employees of the Sprague Whole-
sale Grocery Company, are farming
the bed of the old canal between
South Second and South First streets
and have it plowed and will plant
it in corn and potatoes. There are

a few wagon loads of bricks, tin cans
and debris of various kinds on the
place but the men will rake them off
and then put in their spare time
watching for their efforts to bear
fruit. The ground is rich and should
prove quite productive.

Boost for Friday's Circus.

Harry P. Kutz, press agent for
Cole Brothers' Circus, writes from
St. Anthony, Idaho, saying: "I see by
my Advocate that Sells-Floto circus
will be in Newark, May 18. Al-
though new to the people of New-
ark, take it from one who knows,
Sells-Floto is a No. 1 performance
equal to any of the big ones. You
can recommend it."

Condition Improved.

The condition of Mrs. Samuel
Fitch, of Elmwood avenue, who un-
derwent an operation at the City hos-
pital last week, is improved today.
Mrs. Fitch has been seriously ill.
The attending physicians were Drs.
H. H. Postle, Carl Evans and W. B.
Nye.

Birth Announcement.

Announcement is made by Mr. and
Mrs. Albert Gundlach, of 221 Rugg
avenue, of the birth of a son, Tues-
day morning, May 15.

Crown May Queen.

There will be a May day pro-
cession and a crowning of a statue of
the Blessed Virgin, patron of May,
at the Church of the Blessed Sacra-
ment on Sunday afternoon at 3:00
o'clock.

Sails for Russia.

John F. Stevens, father of D. F.
Stevens, local superintendent of the
B. & O. sailed Monday for Europe.
Mr. Stevens is one of the four rail-
road experts appointed by the gov-
ernment as a commissioner to go
to Russia to aid in the reconstruc-
tion of the railroad system in that
country.

Further Steps to
STOP SPECULATION
ARE NOW EXPECTED

[ASSOCIATED PRESS TELEGRAM]

Chicago, May 15.—A sentiment
was manifested on the Chicago Board
of Trade today that the directors
of the board of directors of the
organization in forbidding fur-
ther trading in May corn, and oats
and suspending for two days all
purchases of wheat, except for the
liquidation of existing contracts, was
but the forerunner of more
drastic steps to be undertaken to
curb speculation in grains.

Delegates from the grain ex-
changes of St. Louis, Kansas City,
Omaha, Minneapolis, Duluth and
Toledo are expected to meet here
late today with the board of direc-
tors of the Chicago board to discuss
the situation in an attempt to
evolve a plan for concerted action
by all the grain markets of the
country. It was admitted that, with
the high prices of grains, the run-
away tendency of the market and
the national emergency, some radical
action is necessary. A possibil-
ity that this might take the form
of orders eliminating all speculation
in futures, either stopping such
trading entirely or by fixing maxi-
mum prices to be adjusted as the
market requires, also was admitted.
Other extraordinary steps, which it
was said, unofficially, the confer-
ence will be asked to consider, are
the advisability of establishing
maximum prices on July and Sep-
tember corn, uniformity of action
in demanding excessive margins to
the end that the purely speculative
elements can be eliminated from the
markets.

INDIANA CITIES
PROSPEROUS SAYS
MAYOR BIGBEE

Mayor R. C. Bigbee, who returned
yesterday from a visit with his
brother in Bremen, Ind., is back on
the job ready for the transaction of
any business which may come before
him, and ready to enter the primary
campaign with renewed zest and
vigor, the mayor being a candidate
for another nomination.

Mayor Bigbee states that his
brother is not in the best of health.
He states that Indiana cities are
prosperous and that much building
is being done, especially by the Bal-
timore & Ohio system, which passes
through Bremen.

SIX HUNDRED AT
BOTTLE PLANT ARE
RED CROSS MEMBERS

The Red Cross membership at the
American Bottle company has crossed
the 600 mark and is continuing to
go up. The officers in charge of the
plant interested themselves in the
movement and obtained the loyal
assistance of the foreman. The big
success attained at this plant il-
lustrates the faithful co-operation
between employers and officers that
go so far to make an industry a suc-
cess in every way.

PRAYERS IN FIELDS
FOR ABUNDANT CROPS

[ASSOCIATED PRESS TELEGRAM]

Poughkeepsie, N. Y., May 15.—
Springtime prayers for successful
crops are being offered this week on
the Hudson river million-
aires' colony around Hyde Park.
More than 150 employees of Colonel
Archibald Rogers, Mrs. James Rose-
velt and Frederick W. Vanderbilt,
led by the Rev. E. P. Newton, knelt
in the fields and vegetable gar-
dens and offered prayers for fruitful
crops. Every tillable inch of these
vast properties has been planted,
even to the erstwhile green lawns.

There's plenty of room at the front.

GERMANY ISSUES POTATOES IN FIVE POUND RATIOMS

[ASSOCIATED PRESS TELEGRAM]

Copenhagen (via London), May
15.—The potato shortage in Ger-
many is making itself felt in spite
of assurances at the time the bread
ration was reduced last month that
enough potatoes were on hand to
permit a weekly per capita issue of
five pounds until the next harvest.
The bureau of food control by strenu-
ous efforts has been able to supply
a five-pound ration in the Berlin
and Westphalia industrial dis-
tricts, where the labor crisis at the
time of the reduction of the bread ra-
tion was particularly acute. Bitter
complaints, however, are coming
from various other sections of the
empire which feel that they are
being slighted in favor of the capital
and the Essen district.

In many sections of Bavaria, ac-
cording to reports to the Reichstag
the potato ration is only 24 ounces
weekly.

The national military requisition
and appropriation of grain which
has just been finished, according to
Food Commissioner Michaelis, has
uncovered enough unreported grain
to materially affect previous esti-
mates. Also, the prospective date
for the harvest has been still further
deferred by the continued cold
weather.

Under the circumstances the au-
thorities face the alternative of again
reducing the bread ration or con-
fronting a hiatus of more or less
duration between the time of the ex-
haustion of the present stocks and
the incoming of the first 1917 flour.
This is an unpleasant prospect for
the government as it was only able
to check the strike movement by the
positive assurance that neither the
bread or potato allowances would be
further reduced.

PRACTICE MARCH IS
FIRST WORK GIVEN
TRAINING CORPS

[Special to The Advocate]

Ft. Benjamin Harrison, Ind., May
15.—There will be many disappointed
men, who have been accepted for
service at the officers' reserve camp
here, for the government's orders
were for 5200 men to train at the
camp and Colonel Glenn states that
he has learned that 9438 have passed
the examination successfully.

Scores of men who were notified
of their success in the tests, are here
in person besieging the camp for
reasons for their not being notified to
report.

As rapidly as the recruits arrived
they were sworn in and today drill
work and the routine of the camp
began. Major Ely and his instruc-
tors will start the men on a prac-
tice march without arms. There will
be no evening parades until the band
arrives with one of the regiments
assigned to the post.

Colonel Glenn in speaking of the
large number accepted said: "My
regret is that we cannot accept every
one of them. Of course there are
scores of men who have been ac-
cepted who could not possibly equal
in ability scores who could not be
enrolled at this time."

A rifle range was prepared and it
is possible the fort will be enlarged
to greater than the regimental ca-
pacity. The medical training camp
will open June 1.

Others from Newark and vicinity
who have entered the training camp
at Indianapolis are: Winfield Fair-
child, Carl T. Meyer, Ralph E. Priest,
Rich A. Jones, John S. Fleck of New-
ark, E. S. Thresher, Herrick S. Mas-
sie, George C. McConaughy and P.
S. Tracey of Granville.

FRENCH PEOPLE
EXPECT PETAIN TO
BRING VICTORY

[ASSOCIATED PRESS TELEGRAM]

Paris, May 15.—General Petain,
who was a retired colonel at the
outbreak of the war, is the man to
whom many Frenchmen have been
looking for the initiative which
would win a decisive success on the
French front. To him more than to
any other commander now in ac-
tive service with the French, the
legend of success attaches. He be-
came a popular hero and the idol
of the soldiers for his defense of
Verdun and probably would have
been in supreme command of the
French front some time ago had he
obtained the degree of power he
wished.

After this great success at Ver-
dun, General Petain was placed in
command of a group of armies and
late last month he was named as
chief of staff. It is generally un-
derstood that when the retirement
of Marshal Joffre was decided upon
the marshal selected Petain as his
successor but that the general was
unwilling to accept the post with-
out extraordinary powers. Accord-
ing to some reports he desired to
have command over the British
forces in France as well as the
French.

General Nivelle was subordinate
to General Petain until at the lat-
ter's suggestion he was made com-
mander-in-chief at the time of Mar-
shal Joffre's retirement. General Foch,
who made a brilliant record early
in the war was detached from ac-
tive service last month.

WILL SHUT OFF GAS.

New Lexington, May 15.—The
Ohio Fuel Supply Company has not-
ified consumers here it would dis-
continue supplying natural gas af-
ter June 20. The Council recently
fixed the rate at 25 cents net, after
the company announced it would
advance it to 30 cents. The fuel
people will withdraw from the local
field rather than fight the matter,
claiming it can find sale for more
gas than it is able to produce.

Are You Preparing For The Summer Season?

It's time to get ready. You may need summer togs any day now, and it will be wise to have them on hand. We are ready to assist you with our summer lines of **White Wash Skirts, Wash Dresses, Sport Suits, Dresses and Skirts, Silk and Lingerie Waists, Middy Blouses.**

FOR THE OUT-DOOR GIRL OF GOOD TASTE

Jack Tar Middies are today an essential part of American girls' outfits. For school, for sports, for tours for hiking, you'll need several, and they'll serve you faithfully. There are so many pretty styles to select from — white with white collars, others have collars of striped fabrics, others navy blue collar, cuffs and wide band around the bottom. Other models are in cadet blue, fancy striped fabrics of stripes of white and colors. Prices \$1.00 to \$2.50

THE SMOCKED MIDDY AT \$2.50

is an unusually attractive style. One pretty model in plain colors, such as pink, green and rose, has a nobby smocked effect on the pockets and cuffs, while another model in white has smocking done in blue and black thread and band trimmings of blue.

THE GROWING GIRL WILL LIKE A MIDDY SKIRT

to wear with middy blouses. Many pretty styles in white galatea, some fastened on a waist, others the skirt finished at the top. Prices, \$1.00 and \$1.25 each. Other styles in navy blue serge, suitable for wear with white middies. Prices, \$1.50 and \$3.00.

MIDDY DRESSES FOR GIRLS

An ideal dress for summer. Among the styles shown are the all white galatea, blue galatea skirt and blouse of white, another attractive style in open blue with regulation sailor trimmings of red and white. Prices, \$1.75, \$2.50 and \$3.00.

AT NO TIME DURING THE SUMMER

will there be so many pretty lingerie waists at 98c as at the present. Many attractive new styles have come in this week, in sheer barred fabrics and plain fabrics, trimmed with pretty laces, and now you can have an immense assortment to select from at 98c each.

ATTRACTIVE SILK WAISTS \$1.98 AND \$3.50 EACH

Pretty styles in white China silk with large flat collars, finished with hemstitched edge; other collars of fancy stripes, \$1.98 each. Crepe de chine models in white and flesh, and a dainty model in a lace waist will be found among those priced at \$3.50 each.

DAINTY UNDERWEAR IS NECESSARY

with the sheer garments that are worn throughout the summer. What better time to select it than now, when the showing is most complete. Many handsome pieces in silk crepe and fine nainsooks are shown in Chemis, Corset Covers, Gowns and Skirts.

TAKE ADVANTAGE of the Muslim Underwear Sale this week, and you will be able to buy many pretty pieces of underwear at a saving of money to you.

W. H. Mazey Company

DISMEMBERMENT OF AUSTRIA MUST COME BEFORE PEACE

(Associated Press Telegram) London, May 2.—"Let the entente allies beware against giving Austro-Hungary too liberal terms in any agreement for a separate peace," declares Professor Masaryk, the Bohemian political leader, who was condemned to death by the Austrian government four months ago for high treason. He is at present an exile in London and discusses with a party of correspondents the recent Associated Press reports that Austria is seeking a separate peace through agents in Switzerland.

"There is no doubt that Austria would be glad to come to some arrangements," he said. "These peace moves must be a source of great humiliation to many honest Austrians, no matter how much they are forced on her by economic and political conditions. Austria is not playing fair to her partner. What she is doing now to Germany is, speaking plainly, treachery. Austria is trying to get out of the war and doesn't know how to go about it."

"The difference between Germany and Austria is that the German people are united, while the majority of the Austrian nation has been against the war all along. Nevertheless, Austria initiated and provoked the war; Germany merely accepted the situation and came in."

"But Austria's present maneuvers toward peace ought not to deceive the entente. She is willing no doubt to sacrifice some territory, but not enough to remove her as a menace. The dismemberment of Austria-Hungary is just as essential to permanent peace in Europe as the destruction of military Prussianism."

IRISH FREEDOM DEMANDED AS ONE AMERICAN WAR AIM

Washington, May 15.—A joint resolution "to declare the liberation of Ireland from all foreign domination, one of the purposes of the present war," was introduced in the House by Representative William E. Mason, Republican of Illinois.

The resolution provides that all money hereafter appropriated by this government for the war and all loans to any foreign nation shall be made with the understanding that the freedom of Ireland is one purpose of the United States' participation in the conflict and that the peace terms are to include provision for the liberation of the Emerald Isle.

Mr. Mason proposes that when free Ireland shall have adopted a constitution and established a republican form of government, the United States shall aid the new republic by buying \$100,000,000 of its bonds.

Granville

[Special to The Advocate] Granville, May 15.—Many changes have been found necessary in the spring calendar of events and nothing seems certain from one week to another. The Junior prom has been given up; the annual Field Day is to be held on Saturday, May 19; and the carnival keeps its original date of May 26. The Masquers have been given the option of Saturday evening, May 19, for their one-act plays, if they wish to present them at that time, and the commencement play will doubtless be given up.

A large number of Granville people will attend the meetings of the Northern Baptist convention, which begins in Cleveland this week and continues until Wednesday, May 23. Rev. and Mrs. Millard Breisford, President and Mrs. C. W. Chamberlain will be among the delegates. Rev. and Mrs. T. G. Field, Mrs. H. H. Hilde, Rev. and Mrs. F. Chambers, Mrs. C. E. Goodell, Rev. and Mrs. C. E. Stanton, Mrs. E. E. Hopkins, Mrs. W. E. Hopkins, Rev. and Mrs. Beers, Mrs. Darrow and Miss Charlotte Clark will represent the Granville church. Dr. and Mrs. Willis A. Chamberlin expect to go Friday.

H. W. Deming, H. D. Ashbrook, E. H. Hammond and Fred Hobart left yesterday for an extensive automobile trip, going to Wheeling, Pittsburgh, Uniontown, Pa., crossing the Allegheny mountains to Cumberland, Md. From there down the Potomac river, passing through Harpers Ferry and visiting the battlefields, Hagerstown, Fredericktown and Gettysburg, thence to Washington, Baltimore, Philadelphia, New York, Boston, returning home via Albany and the Mohawk valley to Cleveland. The mileage will be somewhere near 2700 miles, and it will require about three weeks for the trip.

An additional class of twenty-five students in Shepardson college will be formed under the instruction of Dr. Victor Turner, Denison graduate and M. D. from Johns Hopkins. Those who take this course will receive Red Cross certificates.

Miss Frances Jones, daughter of Mr. and Mrs. J. S. Jones, who will graduate from Miss Wright's school for girls at Bryn Mawr next month has been awarded the "speech cup," the highest honor in the English course. This is the result of the first "win" of which must be taken at Bryn Mawr college. This is by no means the first honor that Miss Jones has earned while at Bryn Mawr as several other well merited prizes attest her all round efficiency.

Don't forget to clean up day tomorrow. Leave your rubbish at the curb in boxes and barrels in convenient form to be easily handled and loaded onto the wagons. There should be no loose junk nor should the barrels and boxes be loaded too heavily.

William Franklin, who, with his young son has been visiting his mother, Mrs. Elizabeth Franklin in College street, left Granville this

morning to return to his home in South America. Beta Theta Pi entertained several young ladies of Shepardson college with a spring valley "bacon bat" on Saturday evening, May 20th. Among those present were the following: Misses Edith Wilson, Olive Hunt, Lillian Eldridge, Elsie Taylor, Emily Prior, Elizabeth Evans, Margaret Seasholes, Ruth Spencer, Ruth Vaughn, Olga Rummel, Elsie Barber and Miss Prouty.

ALL WOMEN NATURALLY DEPONDENT

While there are women who seem always despondent and depressed and expecting misfortune, that is not woman's natural condition. Such unfortunate suffer from ill-health. An abnormal condition of the system expresses itself in nervousness, sleeplessness, backaches, headaches and despondency.

If all ailing women would make faithful use of that grand remedy for woman's ills, Lydia E. Pinkham's Vegetable Compound, there would be little occasion to ask if despondency is natural to woman.

NEWARK HAS FEW NERVOUS MEN AND WOMEN

Nervousness On The Decline.

Still the good work goes on, soon there will not be any more tired, nervous people in our city.

This is caused largely by the widespread use of Phosphated Iron, the new tonic and nerve bracer that has sprung into instant popularity with the medical world.

Phosphated Iron will help any run down, nervous condition almost immediately. It will put fresh iron in the blood, the phosphates taking hold of the nerve centers and bracing them up. You will eat better, sleep better and get up in the morning feeling like doing things, you will feel the old time vim and snap of youth surging through your veins, you will tackle the day's work with confidence and a smile.

Science has taught us that when we have enough Iron and Phosphorus in the blood and nerves we are healthy; that almost all conditions of ill health and nervousness are due to the lack of Iron or Phosphorus. Phosphated Iron rarely fails to supply the needed amount of both.

Use Phosphated Iron one week and you will forget you were ever nervous tired out and run down, you can feel it taking hold.

Special Notice. To insure your receiving the genius Phosphated Iron we have put up in Capsules Only. Do not allow dealers to substitute Tablets or Pills. Evans Drug Store, Newark, O., and leading druggists everywhere.

RUSSIAN COUNCIL PREDICTS SLAVERY IF GERMANY WINS

(Associated Press Telegram)

Petrograd, via London, May 15.—The following is a partial text of the manifesto to the Russian army issued by the Council of Soldiers and Workmen's Delegates, urging the continuance of the war and declaring that a separate peace is impossible:

"Soldiers and comrades at the front: We speak to you in the name of the Russian revolutionary democracy. The people do not wish the war, which was begun by the emperors and capitalists of all countries and therefore, after the abdication of the Czar, the people considered it urgent to end the war as rapidly as possible. Do not forget, soldiers, and comrades, that the regiments of William are destroying revolutionary Russia. Do not forget that the loss of free Russia would be a catastrophe, not only to us but to the working classes of the entire world. Defended, therefore, revolutionary Russia with all your power."

"The workmen and peasants of Russia long for peace, but it must be a general peace of all nations, the results of their common agreement. A separate peace is an impossible thing which must not be allowed to interfere with or embarrass the course of events in the world. It is evident that German imperialism, after having defeated our western allies, would turn against us the whole power of its arms, seize our country and enslave the Russian people. The German army is not a revolutionary army; it is a blind following William and Charles, emperors and capitalists. You are fraternizing openly, not with enemy soldiers, but with officers of the enemy's general staff, disguised as common soldiers. Peace will not be obtained by separate peace or armistice."

"Reject, therefore, everything which weakens your military power, which distracts the army and lowers its morale. Soldiers, be worthy of the trust that revolutionary Russia puts in you."

PREPARE FOR VACATION.

The summer vacation is coming soon, and you will be in a quandary what to read about during your trip. There is one store in Newark that has always catered to the wants of the traveler or person who seeks recreation. Here you will find the latest in fiction as well as the more solid kind of reading. Before you leave this store better equipped to take care of your needs during the summer months and you have trouble in making selections, just drop in at T. M. Edmiston's book store and ask the clerk to help you make a selection. You'll not be disappointed.

No Maude, dear, the fact that every stage has wings isn't what makes the chorus girls fly.

CANNING FOOD IS IMPORTANT FACTOR IN CONSERVATION

The meeting at the High School Auditorium last night was well attended and enthusiastic in its appreciation of the lectures.

Thos. E. Adams war food commissioner for Licking county, in his introductory remarks, expressed regrets that the meeting clashed with services at the tabernacle. He explained that when this meeting was arranged and up to last Sunday it was not known that there would be services at the tabernacle on Monday night, and it was impossible to change at this date.

Miss Maude Okey of the Home Economics Department, O. S. U. gave the first address. She expressed the belief that there exists a wrong impression of the courses given at the University on Domestic Science and Home Economics. Her own experience has been that these courses deal with fundamental and practical principals of value to all housekeepers. The new motto of the schools is "Food Conservation by Saving and Different Methods of Preservation."

The time has come when we must shorten our menus and get one hundred per cent value from the food served.

Among the methods of preserving food advocated by the speaker, were the old fashioned drying and canning method. The drying method has been largely discarded during the past 25 years owing to the convenience and low cost of containers. But since the government has put a limit on the use of tin, it will be impossible to procure tin cans for private canning, therefore the old method of drying food, corn, fruits, etc. should be taken up by everybody.

The speaker also urged that housewives, get out all of their old cans, cracked glasses, cups, jars and use these for preserving jellies and preserves which are not difficult to keep. Every available new can and those in good condition should be reserved for the canning of fruits and vegetables which are hard to keep.

The Licking County Branch of the Ohio Council of National Defense has for one of its members Mrs. Frank Agnew, President of Women's Federated Clubs. Mrs. Agnew will arrange for demonstration of canning during the week in different parts of the community and country. Every aid will be given to food conservation by the Council.

The second address by Professor Hottes, of the Horticultural Department, O. S. U. covered many important points of "City Gardening." His address illustrated by stereopticon views of gardens showing the most approved methods of planting and cultivation. His selection of vegetables included those varieties which are prolific in yield and best adapted to preserving. He also treated the subject of "Garden Insects" and how to destroy them. He gave different ways of selecting seeds, and instructions in planting which were of value to all persons.

Mr. Hottes address will be used as a basis of several articles on City Gardening in connection with the work of the Council.

After the addresses the audience remained for half hour's conference with the speakers. The questions asked in which some present took part in addition to the speaker showed a lively interest in these subjects.

REMEMBER THE SABBATH DAY TO KEEP IT HOLY

The First Presbyterian Church Brotherhood of this city has unanimously condemned the action of the Massachusetts legislature in encouraging by legislative action the cultivation of the soil on the Sabbath day and has vigorously protested against the editorial endorsement of such action on the part of the New York Times and the Ohio State Journal.

The Brotherhood unanimously directed that a committee consisting of John A. Hughes and Robert W. Howard prepare resolutions which after reciting the action of the legislature and the editorial endorsement by the newspapers above named, say:

Resolved, That we the members of the First Presbyterian Church Brotherhood by reason of our faith in God, the Supreme Ruler of the universe and the bountiful giver of every good and perfect gift, do by formal unanimous action taken in regular session hereby condemn and protest against the action taken by said Legislature and against the promulgation of said action by said newspapers.

Resolved, That we as Christians insist that "Remember the Sabbath Day to keep it holy" is still applicable to all mankind under all conditions and a violation will bring sure and speedy retribution.

A copy of the resolutions was sent to the governor of Massachusetts and to the newspapers today.

CONFERENCE HERE ON Y. M. C. A. WORK WITH NEW ARMY

A. M. Miller of the Central Ohio Paper Company, Columbus, and General J. C. Sparks will come to Newark tonight to meet with the local council which will have in charge the raising of funds for work among the young men of our new army. A meeting of committee will be held at the Chamber of Commerce rooms at 7:15 o'clock. Mr. Miller is a member of the National Council for this work and General Sparks has had actual experience which enables him to judge of the value of the Y. M. C. A. work in the army. Dr. C. L. Wyeth is chairman of the local council.

DANIEL FROHMAN PRESENTS
THE SWEETEST GIRL IN THE WORLD MARGUERITE CLARK in THE VALENTINE GIRL

Amusements

ALHAMBRA. Wednesday and Thursday. A story that deals with a man's affection for his younger brother and the things that came to pass when this man tried to extricate his young brother from an affair with a woman of the name of "The Family Honor." The newest "World Picture" made which comes to the Alhambra theater on Wednesday and Thursday. Robert Warwick and Miss June Elvidge are seen in the stellar roles and they are supported by a splendid company including several film folks who are prominently known. Exciting moments, thrills and interesting scenes make this a feature well worth while. See it.

AUDITORIUM. The Ushers Benefit. The benefit to the ushers of the Auditorium, tendered by Manager Geo. M. Penberg yesterday, was a success in every particular. The "French Follies" being the bill. A matinee and evening performance was given to capacity houses and it was necessary to sell a few standing room tickets, many leaving because they could not secure seats. The show was pleasing and was greatly enjoyed by all present. The ushers are very appreciative of Manager Penberg's kindness and they also wish to thank the public for the generous patronage accorded them.

"The Barricade." The leadership in Wall Street of Amos Merrill, president for years of United Securities Company, is threatened by the sudden rise to prominence of a young financier from the West—John Cook. Merrill has speculated and lost the corporation's money, and faces ruin and disgrace. Merrill's daughter, Honora, meets Cook at a ball, and knowing him to be her father's rival, snubs him. Returning from the ball she arrives home just in time to prevent her father from committing suicide.

This feature together with Mrs. Vernon Castle in "Patria" will be the Auditorium attraction today.

Mary Pickford. The Auditorium tomorrow and Wednesday will present for years of Elanor Gates famous story "A Poor Little Rich Girl." Miss Pickford appears as a child of eleven who must stay in her big home guarded by her servants and teachers, forsaken by her mother, who is busy with society, and the father absorbed in his business. The pathetic contrast between this poor little rich girl and the happy poor children of the neighborhood provides the theme of the story.

The showings tomorrow will commence at 1 p. m. instead of 1:30 and the schedule will run as follows: 1, 2:30, 4:15, 6:30, 8, and 9:15. The prices for this engagement are children 10 cents, adults 15 cents.

Auditorium Program. Auditorium feature this week, today "The Barricade" with Mabel Tallferro and "Patria" with Mrs. Vernon Castle. Wednesday and Thursday "A Poor Little Rich Girl" with Mary Pickford. Friday and Saturday Valska Suratt in Rider Haggard's "She." Next Sunday The Henry W. Savage five part feature "Robinson Crusoe" together with Charlie Chaplin in a two reel comedy.

Valska Suratt. Valska Suratt is preparing. For what or for whom the famous Fox star doesn't know or refuse to say. Miss Suratt has ceased, temporarily at least, to devote all her time and thought to creating dazzling gowns through which she has won the title of "Queen of Fashion." She has become a physical culture enthusiast. Miss Suratt will be the Auditorium attraction Friday and Saturday of this week "She" written by Rider Haggard is a wonderful and as a picture should attract the crowds.

Unique Play Announced. One of the most unique and unusual dramatic attractions ever brought to this city will be on view here when the "Yellow Jacket" is presented. The "Yellow Jacket" is a Chinese play done in the Chinese manner, dif-

World's Greatest News-papers Acclaim This Best Ever.

NEW YORK HERALD said: "Needless to say, when is a typical 'Little Mary' role, giving opportunity for the Pickford pout, smiles, curls and cute mannerisms. Miss Pickford's playing of the appealing role has much charm, and the Artcraft Film Corp. evidently spared no pains to give it an artistic production."

NEW YORK TIMES said: "The fact that Mary Pickford acted the title role in the 'Poor Little Rich Girl' added to the interest of the translation into the movie form of one of the most imaginative plays the American stage has ever produced."

NEWARK PAPERS will say: "Little Mary Pickford is pre-eminently qualified to interpret sympathetically the woes of 'A Poor Little Rich Girl,' and she did so to the entire satisfaction of the crowds at the Auditorium yesterday."

PICTURE SCREENED TOMORROW AT 1:00, 2:30, 3:45, 5:30, 8, 9:15.

DR. ROLLER GETS FOUL DECISION IN CANTON BOUT

Canton, O., May 15.—Dr. B. F. Roller, New York physician and wrestler, was awarded a decision on a foul last night in a wrestling match with Wolf Demetral. Dr. Roller got the first foul by holding his opponent after the men returned for the first fall. Demetral secured a grand hold on the second fall, but was awarded a foul on the third fall, and was awarded a foul on the fourth fall. The referee, who was rushed to the stage and Demetral was roughly handled before the police rescued him. A large crowd witnessed the match.

CAPT. WOLRATH IS ASSIGNED TO CAMP AT FORT SHERIDAN

Washington, May 15.—Capt. W. L. Wolrath, 1st Cavalry, has been assigned to Camp at Fort Sheridan, N. D. He was previously assigned to Camp at Fort Belknap, Mont. He was awarded a promotion to the rank of captain for his services in the campaign against the Sioux in 1905.
